

U.S. EPA Region 8, (303) 312-6440; for Navajo in Arizona and Four Corners in New Mexico: Robert Baker, U.S. EPA Region 9, (415) 744-1258.

SUPPLEMENTARY INFORMATION: If no significant, adverse comments are timely received, no further activity is contemplated in relation to these draft permits and the permits issued as a direct final action in the notice of final acid rain permits published elsewhere in today's **Federal Register** will automatically become final on the date specified in that notice. If significant, adverse comments are timely received on any draft permit, that permit in the notice of final acid rain permits will be withdrawn. Because the Agency will not institute a second comment period on this notice of draft acid rain permits, any parties interested in commenting should do so during this comment period.

For further information and a detailed description of the permits, see the information provided in the notice of final acid rain permits elsewhere in today's **Federal Register**.

Dated: November 12, 1997.

Janice K. Wagner,

Acting Director, Acid Rain Division, Office of Atmospheric Programs, Office of Air and Radiation.

Acid Rain Program: Notice of Direct Final Phase II Acid Rain Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final acid rain permits.

SUMMARY: The U.S. Environmental Protection Agency is issuing, as a direct final action, Phase II acid rain permits to 3 affected sources in accordance with the Acid Rain Program regulations (40 CFR part 72). Because the Agency does not anticipate receiving adverse comments, the permits are being issued as a direct final action.

DATES: Each of the permits issued in this direct final action will be final on December 29, 1997 or 40 days after publication of a similar notice in a local newspaper, whichever is later, unless significant, adverse comments are received by December 18, 1997 or 30 days after publication of a similar document in a local newspaper, whichever is later. If significant, adverse comments are timely received on any

permit in this direct final action, that permit will be withdrawn through a notice in the **Federal Register**.

ADDRESSES: *Administrative Records.*

The administrative record for each draft permit, except information protected as confidential, may be viewed during normal operating hours at the following locations:

For Deseret Bonanza in Utah: U.S. EPA Region 8, Air Program, 999 18th St., Suite 500, Denver, CO 80202-2466;

For Navajo in Arizona and Four Corners in New Mexico: U.S. EPA Region 9, 75 Hawthorne St., San Francisco, CA 94105.

FOR FURTHER INFORMATION CONTACT: For Deseret Bonanza in Utah: Mike Owens, U.S. EPA Region 8, (303) 312-6440; for Navajo in Arizona and Four Corners in New Mexico: Robert Baker, U.S. EPA Region 9, (415) 744-1258.

SUPPLEMENTARY INFORMATION: Public comments received on any permit in this direct final action on which significant, adverse comments are timely received will be addressed in a subsequent issuance or denial of an acid rain permit based on the relevant draft permit in the notice of draft acid rain permits that is published elsewhere in today's **Federal Register** and that is identical to this direct final action.

U.S. EPA is issuing, under 40 CFR 72.74, Phase II acid rain permits that specify the following annual sulfur dioxide emission allowances and compliance plans for the following affected sources:

Region 8

Bonanza in Utah: 10,709 allowances for unit 1-1. The designated representative is F. Elgin Ward.

Region 9

Navajo in Arizona: 26,009 allowances for unit 1, 24,062 allowances for unit 2, and 24,840 allowances for unit 3. The designated representative is Nils I. Larson.

Four Corners in New Mexico: 3,565 allowances for unit 1, 3,561 allowances for unit 2, 4,443 allowances for unit 3, 12,406 allowances for unit 4, and 13,170 allowances for unit 5. The designated representative is John R. Denman.

The number of allowances allocated to these units by U.S. EPA may change in a 1998 revision to 40 CFR part 73 Tables 2, 3, and 4. Such a change will not necessitate a revision to the unit SO₂ allowance allocations identified in the permits for these affected sources (See 40 CFR 72.84).

Dated: November 12, 1997.

Janice K. Wagner,

Acting Director, Acid Rain Division, Office of Atmospheric Programs, Office of Air and Radiation.

Acid Rain Program: Notice of a Direct Final Opt-in Permit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a direct final opt-in permit.

SUMMARY: The U.S. Environmental Protection Agency is issuing, as a direct final action, an opt-in permit to Dairyland Power Cooperative's Alma facility in Wisconsin in accordance with the Acid Rain Permits and Opt-in regulations (40 CFR parts 72 and 74, respectively). Because the Agency does not anticipate receiving adverse comments, the permit is being issued as a direct final action.

DATES: The permit issued in this direct final action will be final on December 29, 1997 or 40 days after publication of a similar notice in a local newspaper, whichever is later, unless significant, adverse comments are received by December 18, 1997 or 30 days after publication of a similar document in a local newspaper, whichever is later. If significant, adverse comments are timely received on the permit in this direct final action, the permit will be withdrawn through a notice in the **Federal Register**.

ADDRESSES: *Administrative Record.* The administrative record for the draft permit, except information protected as confidential, may be viewed during normal operating hours at the following location: U.S. EPA Region 5, 77 West Jackson Blvd., Chicago, Illinois.

FOR FURTHER INFORMATION CONTACT: Beth Valenziano, U.S. EPA Region 5, (312) 886-2703.

SUPPLEMENTARY INFORMATION: Public comments received on the permit in this direct final action in which significant, adverse comments are timely received will be addressed in a subsequent issuance or denial of an opt-in permit based on the draft opt-in permit in the notice of a draft opt-in permit that is published elsewhere in today's **Federal Register** and that is identical to this direct final action.

The Opt-in Program, as part of the Acid Rain Program, is designed to allow
