

Manufacturer/ exporter	Time period	Margin percent
Borusan .....	5/1/93-4/30/94	3.97

For Borusan, the cash deposit rate will continue to be 2.57 percent, the rate effective since May 16, 1997, which was published in the *Notice of Amended Final Results of Antidumping Duty Administrative Review: Certain Welded Carbon Steel Pipe and Tube from Turkey*, 62 FR 27013 (May 16, 1997).

For merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value (LTFV) investigation or a previous review, the cash deposit will continue to be the most recent rate published in the final determination or final results for which the manufacturer or exporter received a company-specific rate. If the exporter is not a firm covered in this or a prior review, or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise. If neither the exporter nor the manufacturer is a firm covered in this or any previous review, the cash deposit rate will be 14.74 percent, the "all others" rate established in the LTFV investigation.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice is a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also reminds parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Failure to comply is a violation of the APO.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.28.

Dated: November 19, 1997.
