DEPARTMENT OF THE INTERIOR

Geological Survey

Application Notice Describing the Areas of Interest and Establishing the Closing Date for Receipt of Applications Under the National Earthquake Hazards Reduction Program (NEHRP) for Fiscal Year (FY) 1999

AGENCY: Department of the Interior, U.S. Geological Survey.

ACTION: Notice.

SUMMARY: Applications are invited for research projects under the NEHRP.

The purpose of this program is to support research in earthquake hazards prediction; to provide earth-science data and information essential to determine seismic hazards present in the United States; and information essential to mitigate earthquake damage.

Applications may be submitted by educational institutions, private firms, private foundations, individuals, and agencies of state and local governments.

The NEHRP supports research related to the following general areas of interest:

I. Evaluating National and Regional Hazard and Risk. National and regional hazard and risk maps are critical to effective risk reduction strategies.

II. Evaluating Urban Hazard and Risk. The strong ground shaking and resulting catastrophic losses in the 1994 Northridge earthquake reinforced the need for the U.S. Geological Survey to concentrate its efforts where the risks are highest, that is, in the nation's urban areas.

III. Understanding Earthquake Processes. The effectiveness of risk-mitigation strategies and disaster response are limited by our meager understanding of the tectonic processes that cause earthquakes and generate the strong shaking and ground failure that devastates the built environment.

IV. Providing Real-time Hazard Assessment. Effective earthquake hazard evaluation and response to damaging events depend on timely, accurate information. Short, intermediate, and long-term earthquake forecasts in regions of high earthquake potential can

all lead to mitigation activities that reduce the losses in subsequent earthquakes.

V. Providing Geologic Hazards Information Services. Computer technology has evolved rapidly in recent years to the point that new powerful tools are accessible both to the providers and the users of geologic hazards information.

DATES: The closing date for receipt of applications will be on or about April 1, 1998. The actual closing date will be specified in Announcement No. 1434-HQ-99-PA-00061.

ADDRESSES: The program announcement is expected to be available on or about February 2, 1998. You may obtain a copy of Announcement No. 1434-HQ-99-PA-00061 from the USGS Contracts and Grants Information Site at <http://www.usgs.gov/contracts/nehpr/> or by writing Brian Heath, U.S. Geological Survey, Office of Acquisition and Federal Assistance—Mail Stop 205A, 12201 Sunrise Valley Drive, Reston, Virginia 20192, or by fax (703-648-7901).

FOR FURTHER INFORMATION CONTACT: John Sims, Earthquake Hazards Reduction Program—U.S. Geological Survey, Mail Stop 905, 12201 Sunrise Valley Drive, Reston, Virginia 20192. Telephone: (703) 648-6722.

SUPPLEMENTARY INFORMATION: Authority for this program is contained in the Earthquake Hazards Reduction Act of 1977. Pub. L. 95-124 (42 U.S.C. 7701, *et seq.*). The Office of Management and Budget Catalog of Federal Domestic Assistance number is 15.807.

Tim Calkins,

Acting Associate Chief, Operations.

Bureau of Land Management

[4310-CA065-1492]

Notice of Availability

November 20, 1997.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: Notice is hereby given that the Record of Decision for the Soledad Mountain Gold Mine, Kern County, California, is available.

ADDRESSES: Written requests for copies of the Record of Decision should be addressed to Bureau of Land Management, Ridgecrest Resource Area, 300 S. Richmond Road, Ridgecrest,

California 93555, Attention: Ahmed Mohsen, EIS Coordinator.

FOR FURTHER INFORMATION CONTACT: Ahmed Mohsen-EIS Coordinator (760) 384-5421.

Russell Miles,

Acting Area Manager.

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service, DOI.

ACTION: Notice of information collection solicitation.

SUMMARY: Under the Paperwork Reduction Act of 1995, the Minerals Management Service (MMS) is soliciting comments on an information collection, Oil Transportation Allowance (OMB Control Number 1010-0061); this information collection pertains to Indian leases only.

FORMS: MMS-4110, Oil Transportation Allowance Report

DATES: Written comments should be received on or before January 26, 1998.

ADDRESSES: Comments sent via the U.S. Postal Service should be sent to Minerals Management Service, Royalty Management Program, Rules and Publications Staff, P.O. Box 25165, MS 3021, Denver, Colorado 80225-0165; courier address is Building 85, Room A613, Denver Federal Center, Denver, Colorado 80225; e-Mail address is David-Guzy@mms.gov.

FOR FURTHER INFORMATION CONTACT: Dennis C. Jones, Rules and Publications Staff, phone (303) 231-3046, FAX (303) 231-3385, e-Mail Dennis—C—Jones@mms.gov.

SUPPLEMENTARY INFORMATION: In compliance with the Paperwork Reduction Act of 1995, Section 3506 (c)(2)(A), we are notifying you, members of the public and affected agencies, of this collection of information and are inviting your comments. Is this information collection necessary for us to properly do our job? Have we accurately estimated the industry burden for responding to this collection? Can we enhance the quality, utility, and clarity of the information we collect? Can we lessen the burden of this information collection on the respondents by using automated collection techniques or other forms of information technology?
