Devoe & Raynolds Company, Louisville, Kentucky; Notice of Negative Determination on Reconsideration

On July 18, 1997, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The petitioner presented new evidence regarding company imports of paint. The notice was published in the **Federal Register** on August 1, 1997 (62 FR 41424).

The Department initially denied TAA to workers of Devoe & Raynolds Company, Louisville, Kentucky because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The workers at the subject firm produced latex and alkyd paints. The layoffs at the Louisville plant were attributed to the corporate decision to consolidate operations with that of the parent company's domestic plants in Texas, Ohio, Pennsylvania, and Florida. The parent company did not import paint from foreign sources.

New findings on reconsideration show that the parent company of Devoe & Raynolds, ICI Paints, operating in the

U.S. as Glidden, had a corporate-wide sales increase from 1995 to 1996. Other new findings reveal that the company did import paint from its foreign production facility. Company imports, however, were negligible, accounting for less than 1 percent of corporate-wide sales in 1995 and 1996.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Devoe & Raynolds Company, Louisville, Kentucky.

Signed at Washington, DC, this 31st day of October 1997.

Grant D. Beale,
Acting Director, Office of Trade Adjustment Assistance.

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Trade Adjustment Assistance on September 24, 1997, applicable to all workers of McCoy Manufacturing #3, located in Caledonia, Mississippi.
