

these contribution factors and set the projections of demand and administrative expenses at amounts that the Bureau determines will serve the public interest. Once the proposed contribution factors are deemed approved by the Commission or are modified and approved in a subsequent Public Notice, USAC shall use the approved contribution factors to calculate and bill first quarter universal service contributions. USAC will send all contributors a quarterly bill for the federal universal service support mechanisms in December of 1997. Contributors must submit their first quarter universal service contribution to USAC within thirty days of the date listed on their quarterly bill. Payments must be sent to the address specified on the quarterly bill.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

### Public Information Collections Approved by Office of Management and Budget

November 20, 1997.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

#### Federal Communications Commission

*OMB Control No.:* 3060-0803.

*Expiration Date:* 05/31/98.

*Title:* Tariff Review Plan Revisions.

*Form No.:* N/A.

*Respondents:* Business or other for-profit.

*Estimated Annual Burden:* 16 respondents (estimated annual responses: 71); 25 hours per response (avg.); 1776 total annual burden hours.

*Estimated Annual Reporting and Recordkeeping Cost Burden:* \$0.

*Frequency of Response:* One-time requirement.

*Description:* In the Tariff Review Plan (TRP) Revision, the Commission initiates the necessary revisions to the TRPs under which incumbent price cap local exchange carriers (LECs) should make their access filing to take effect on January 1, 1998. This filing is necessary so that incumbent price cap LECs can adjust their rates in response to the *First Report and Order* (rel. May 16, 1997) and the *Second Order on Reconsideration* (rel. October 9, 1997) in CC Docket No. 96-262. Sections 201, 202, 203, 204 and 205 of the Communications Act of 1934, as amended, 47 U.S.C. Sections 201, 202, 203, 204 and 205, require that common carriers establish just and reasonable charges, practices and regulations for the telecommunications services provided. The tariff schedules containing those charges, practices and regulations must be filed with the FCC, and the FCC is required to determine whether such schedules are just, reasonable, and not unduly discriminatory. The Commission is granted broad authority to require the submission of data showing the value of the property used to provide these services. 47 U.S.C. Section 213. Pursuant to its statutory mandate to assure just, reasonable, and nondiscriminatory charges for interstate telephone service, the FCC has adopted specific rules regarding the determination of the range of rates charged by local exchange carriers (LECs) to interexchange carriers (IXCs) transporting long distance calls. The IXCs use local networks of LECs to originate or terminate long distance calls. 47 CFR Part 69. The TRP material submitted by the Local Exchange Carrier is used by the FCC to determine whether its interstate access rates are just and reasonable as required by the Communications Act of 1934, as amended. Obligation to respond: mandatory. Contact Shoko Hair (202-418-1379) for copies of the TRP Revision displaying the OMB control number and expiration date and required PRA statements.

*OMB Control No.:* 3060-0804.

*Expiration Date:* 05/31/98.

*Title:* Universal Service—Health Care Providers Universal Service Program.

*Form No.:* FCC Forms 465, 466, 467, and 468.

*Respondents:* Business or other for-profit.

*Estimated Annual Burden:* 15,400 respondents; 2.5 hours per response (avg.); 117,000 total annual burden hours.

*Estimated Annual Reporting and Recordkeeping Cost Burden:* \$0.

*Frequency of Response:* On occasion.  
*Description:* The Telecommunications Act of 1996 (1996 Act) directed the Commission to initiate a rulemaking to reform our system of universal service by preserving and advancing universal service markets toward competition, and to benefit everyone. Congress placed on the Commission the duty to implement these principles in a manner consistent with the pro-competition purposes of the Act. To fulfill that mandate, on March 8, 1996, the Commission adopted a Notice of Proposed Rulemaking (NPRM) in CC Docket No. 96-45 implementing the Congressional directives set out in section 254 of the Communications Act of 1934, as amended by the 1996 Act. On May 8, 1997, the Commission adopted rules providing support for all telecommunications services, limited distance charges, and Internet access for all eligible health care providers. In an effort to implement these requirements and obligations the Commission has received OMB approval for the following forms to administer the health care providers universal service program: *FCC Form 465* "Description of Services Requested and Certification." All health care providers requesting services eligible for universal service support must file a "Description of Services and Certification" form with the Administrator.

Filing this form is the first step a health care providers must take to participate in the universal service program. The Administrator will then post a description of the services sought on a website for all potential competing service providers to see and respond to as if they were requests for proposals (RFPs). 47 CFR 54.603(b)(2), 47 CFR 54.615(c). *FCC Form 466* "Services Ordered and Certification." All health care providers ordering services that are eligible for universal service support must file a "Services Ordered and Certification" form with the Administrator. 47 CFR 54.603(b)(4). Form 466, "Services Ordered and Certification," will be used to ensure health care providers have selected the most cost-effective method of providing the requested services as set forth in 47 CFR 54.603(b)(4). *FCC Form 466* is also the means by which an applicant informs the Administrator that it has entered a contract with a telecommunications service provider for services that are supported under the universal services support program. The administrator must receive this form before it can commit universal service funds to support the services for which the applicant has contracted. *FCC Form 467* "Receipt of Service Confirmation."

All health care providers that are receiving supported telecommunications service must file this form with the Administrator. The data in the report will be used to ensure that health care providers are receiving the services they have contracted for with telecommunications service providers so that universal service support may be appropriate to the telecommunications service provider pursuant to 47 CFR 54.611. *FCC Form 468* "Telecommunications Service Providers Support." All health care providers ordering services eligible for universal service support must file this form. The data in the report will be used to ensure that health care providers have calculated the amount of universal service support as set forth in 47 CFR 54.609(b). Telecommunications carriers must complete Form 468 by indicating the rural and urban rates for the services they have provided and the amount of the discount for which they must be reimbursed, and return it to the health care provider. The health care provider must attach it to Form 466 and file both forms with the administrator. These forms are used to administer the health care providers universal service program. The information is used primarily to determine eligibility. Obligation to respond: required to obtain or retain benefits. A Public Notice will be issued when the forms are available for public use.

*OMB Control No.:* 3060-0790.

*Expiration Date:* 11/31/2000.

*Title:* Availability of Inside Wiring Information—Section 68.110(c).

*Form No.:* N/A.

*Respondents:* Business or other for profit.

*Estimated Annual Burden:* 1200 respondents; 1 hours per response (avg.); 1200 total annual burden hours.

*Estimated Annual Reporting and Recordkeeping Cost Burden:* \$5000.

*Frequency of Response:* On occasion.

*Description:* Title II of the Communications Act of 1934, as amended, 47 U.S.C. Section 201 et al provides the statutory authority for the Commission to promulgate the rules and regulations contained in Part 68 of the FCC Rules, 47 CFR Part 68. Requirements in Part 68 are necessary to prevent the degradation of the telephone network. In CC Docket No. 88-57, Order on Reconsideration, Second Report and Order and Second Further Notice of Proposed Rulemaking (Order on Reconsideration) (released 6/17/97), the Commission amends Part 68 to require telephone companies to provide building owners with all available information regarding carrier-installed wiring on the customer's side of the

demarcation point, including copies of existing schematic diagrams and service records, shall be provided by the telephone company upon request of the building owner or agent thereof. The telephone company may charge the building owner a reasonable fee for this service, which shall not exceed the cost involved in locating and copying the documents. In the alternative, the telephone company may make these documents available for review and copying by the building owner. In this case, the telephone company may charge a reasonable fee, which shall not exceed the cost involved in making the documents available, and may also require the building owner to pay a deposit to guarantee the documents' return. The FCC is requiring the disclosure of drawings and schematics of existing carrier-installed wiring for duplication by building owners or their agents for a reasonable fee to be determined by the carrier. Building owners will be able to contract with an installer of their choice for maintenance and installation service, or elect to contract with the telephone company to modify existing wiring or assist with the installation of additional inside wiring. See 47 CFR 68.110. Obligation to respond: Required to obtain or retain benefits.

Public reporting burden for the collections of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

[DA 97-2430; CC Docket No. 90-571]

### Notice of Telecommunications Relay Services (TRS) Applications for State Certification Accepted

Released: November 20, 1997.

Notice is hereby given that the state listed below has applied to the Commission for State Telecommunications Relay Service (TRS) Certification. Current state certifications expire July 25, 1998. Applications for certification, covering the five year period of July 26, 1998 to July 25, 2003, must demonstrate that the state TRS program complies with the

Commission's rules for the provision of TRS, pursuant to Title IV of the Americans with Disabilities Act (ADA), 47 U.S.C. § 225. These rules are codified at 47 CFR §§ 64.601-605.

Copies of applications for certification are available for public inspection at the Commission's Common Carrier Bureau, Network Services Division, Room 235, 2000 M Street, N.W., Washington, D.C., Monday through Thursday, 8:30 AM to 3:00 PM (closed 12:30 to 1:30 PM) and the FCC Reference Center, Room 239, 1919 M Street, N.W., Washington, D.C., daily, from 9:00 AM to 4:30 PM.

Interested persons may file comments *on or before December 12, 1997*. Comments should reference the relevant state file number of the state application that is being commented upon. One original and five copies of all comments must be sent to William F. Caton, Acting Secretary, Federal Communications Commission, 1919 M Street, N.W., Washington, D.C. 20554. Two copies also should be sent to the Network Services Division, Common Carrier Bureau, 2000 M Street, N.W., Room 235, Washington, D.C. 20554.

A number of state TRS programs currently holding FCC certification have failed to apply for recertification. Applications received after October 1, 1997, for which no extension has been requested before October 1, 1997, must be accompanied by a petition explaining the circumstances of the late-filing and requesting acceptance of the late-filed application.

*File No:* TRS-97-39.

*Applicant:* Public Utilities Commission of Ohio, State of Ohio.

For further information, contact Al McCloud, (202) 418-2499, amcloud@fcc.gov, or Andy Firth, (202) 418-2224 (TTY), afirth@fcc.gov, at the Network Services Division, Common Carrier Bureau, Federal Communications Commission.

Federal Communications Commission.
