

The Arlington County Chamber of Commerce expressed concern that the FEIS failed to address Environmental Justice issues with regard to the effectiveness of onsite mitigation to protect the surrounding community and that implementation of the DBCRA action takes precedence over Installation Restoration Program efforts at the WNY. The protection provided to on-site personnel through implementation of project related mitigation would extend to those outside the immediate area of the project site. As discussed in the FEIS, the NAVSEA DBCRA action is separate from remediation at the WNY conducted under the Installation Restoration Program. Each has its own regulatory guidelines, scheduling and funding. Development of facilities at the WNY and implementation of the DBCRA realignment of NAVSEA has no bearing on the priority for scheduling of activities conducted under the authority of Installation Restoration Program. Moreover, the relocation of NAVSEA to the WNY will bring jobs to the area and has the potential to benefit current residents of the neighborhood.

The Navy carefully considered all comments received on the FEIS. The FEIS fully addresses all of the issues and concerns identified in the comments received on the FEIS. Therefore, no additional discussion is necessary in this Record of Decision.

Based on the analysis contained in the FEIS and support provided in the administrative record, I select Alternative One to implement the realignment of NAVSEA.

Dated: December 1, 1997.

Duncan Holaday,

*Deputy Assistant Secretary of the Navy
(Installations and Facilities).*

This data collection will allow the Department of Education to assemble information on the types of AT currently used by this nation's disabled and the funding sources for these devices and services, as specified in the Technology-Related Assistance for Individuals with Disabilities Act, as amended. Subjects will represent two groups: AT service providers (e.g., district special education coordinators, vocational rehabilitation counselors, and state AT project personnel) and (B) consumers of AT devices and services.
