

To integrate additional information, NMFS decided that a 6 month delay was appropriate to accomplish the task. The benefit of the delay will be a report that will contain well-described courses of action that will actually improve statistics for NMFS and our partners stewardship responsibilities. In particular, NMFS wants to reach a consensus among stakeholders on a VRS and FIS program which will allow determination of a realistic budget consistent with requirements set forth in section 401(a)(5) of the Magnuson-Stevens Act so that Congress can consider the recommendations during the fiscal year, FY 99, appropriations process. The proposed target date will coincide with Congressional timeframes and allow all constituents an opportunity to seek a common goal. Given the current stage of state and commission planning, delivering a report by the original due date would result in little or no consensus on level and documentation of an FY 99 funding request.

The goal for the next 6 months is to craft an acceptable implementation plan that includes unified VRS/FIS system guidelines, proposed rules and legislation, and budgets. NMFS intends to hold additional meetings in January and February with the Commissions and Councils to resolve integration/implementation requirements. Additionally, the pilot testing of the Coast Guard's VIS will allow NMFS the opportunity to develop the necessary integration requirements. This comprehensive plan will be available for public comment upon publication of the NOA of the draft Report to Congress in March 1998.

**Stakeholders:** Stakeholders (or constituents) in the implementation of the vessel registration and fisheries information system include the (1) three regional marine fisheries commissions, (2) the eight fishery management councils, (3) 24 coastal states, (4) U.S. territories, (5) U.S. Coast Guard, (6) tribal entities, (7) industry and trade groups, and (8) other interested parties. In addition to directly consulting with the project's stakeholders over the next 6 months, all parties will have the opportunity for input on the proposed implementation plan through the public comment period commencing in March 1998, when the draft report is available.
