[Docket No. RP96-312-008]

Tennessee Gas Pipeline Company, Notice of Compliance Filing

December 12, 1997.

Take notice that on December 10, 1997, Tennessee Gas Pipeline Company, (Tennessee) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, Sub Nineteenth Revised Sheet No. 30.

Tennessee states that this filing is in compliance with the Commission's November 25, 1997 Order in the above-referenced docket. Tennessee Gas Pipeline Company, 81 FERC ¶61,261 (1997) (November 25 Order).

Tennessee further states that in accordance with the November 25 Order, Tennessee requests that this tariff sheet be deemed effective November 1, 1997.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Copies of this filing are on file with the Commission and available for public inspection in the Public Reference Room.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-122-000]

Texas Gas Transmission Corporation; Notice of Application

December 12, 1997.

Take notice that on December 8, 1997, Texas Gas Transmission Corporation (Texas Gas), P.O. Box 20008, Owensboro, Kentucky 42304, filed an abbreviated application in Docket No. CP98-122-000 pursuant to section 7(b) of the Natural Gas Act, and Part 157 of the Commission's Regulations for an order granting permission and approval to abandon by removal an existing engine at its Slaughters Compressor Station in Webster County, Kentucky, all as more fully set forth in the application on file with the Commission and open to public inspection.

Texas Gas proposes to abandon by removal a 41-year-old, seldom used Ingersoll-Rand SVG engine rated at 330 horsepower. Although the total rated horsepower for the Slaughters Compressor Station will be slightly lower, this is of no significance because there still exists sufficient horsepower at the Dixie Storage Field to which the compressor engine was dedicated that will ensure that certificated injection and withdrawal capacities are met.

Texas Gas states that the costs associated with the removal of this engine are approximately \$92,900.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 2, 1998, file with the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by

Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Texas Gas to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

[Docket No. RP97-490-002]

Trailblazer Pipeline Company, Notice of Compliance Filing

December 12, 1997.

Take notice that on December 9, 1997, Trailblazer Pipeline Company, (Trailblazer) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, Second Substitute First Revised Sheet No. 112 and Substitute Original Sheet No. 112A, to be effective October 1, 1997.

Trailblazer states that the purpose of this filing is to comply with the OPR letter order issued November 26, 1997 in Docket No. RP97-490-001, which directed Trailblazer to file revised tariff sheets to delete tariff language contained in parentheses in Sections 6.3(c) and (d) of Trailblazer's General Terms and Conditions' definition of Secondary Points.

Trailblazer states that copies of the filing have been mailed to Trailblazer's customers, interested state regulatory agencies and all parties set out on the official service list in Docket No. RP97-490.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests
