[Docket No. ER98-1036-000]

Take notice that on December 11, 1997, Southern California Edison Company (Edison) tendered for filing the Edison-Anaheim 1997 Restructuring Agreement (Restructuring Agreement) between Edison and the City of Anaheim, California (Anaheim), and a Notice of Cancellation of various agreements and rate schedules applicable to Anaheim. The Restructuring Agreement significantly simplifies the existing operational arrangements between Edison and Anaheim. In addition, the Restructuring

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Allegheny Hydro No. 8 and 9 LP and Connecticut National Bank; Notice of Availability of Draft Environmental Assessment

[Project No. 3021-048]

December 18, 1997.

A draft environmental assessment (EA) is available for public review. The draft EA analyzes the environmental impacts of installing 15-inch flashboards on the top of Lock and Dam 9, part of the Allegheny River Lock and Dam 8 and 9 Hydroelectric Project No. 3021-048. The Commission is considering requiring flashboards, from about May 1 through October 31 each year, to rectify project-induced lower water levels and associated impacts to recreational boating in the Lock and Dam 9 pool. The draft EA contains

Commission staff's preliminary analysis that 15-inch flashboards are needed and installation would not constitute a major federal action significantly affecting the quality of the human environment. The Allegheny River Lock and Dam 8 and 9 Project is on the Allegheny River near the City of Kittanning, in Armstrong County, Pennsylvania.

The draft EA was written by staff in the Office of Hydropower Licensing, Federal Energy Regulatory Commission. Copies of the draft EA can be obtained by calling the Commission's Public Reference Room at (202) 208-1371.

Please submit any comments on the draft EA within 60 days from the date of this notice. Any comments, conclusions, or recommendations that draw upon studies, reports, or other working papers of substance should be supported by appropriate documentation. Comments should be addressed to: Ms. Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street N.E., Washington, DC 20426. Please affix Project No. 3021-048 to all comments.
