**DEPARTMENT OF THE INTERIOR****Fish and Wildlife Service**

50 CFR Part 17

RIN 1018-

**Endangered and Threatened Wildlife and Plants; Extension of Comment Period for Draft Conservation Agreement for the Wasatch Front and West Desert Populations (Utah) of Spotted Frog (*Rana luteiventris*)**

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Extension of comment period.

**SUMMARY:** The Fish and Wildlife Service announces an extension of the public review and comment period for the Draft Conservation Agreement for the spotted frog (*Rana luteiventris*) in Utah. The Service announced the availability of the draft Conservation Agreement for the Wasatch Front and West Desert populations (Utah) of spotted frog for review and comment on November 28, 1997 (62 FR 63375). The original comment period requested comments be received on or before December 29, 1997. On December 16, 1997, the Service received an official request for an extension of the comment period to the week of January 13, 1998.

**DATES:** Comments on the Draft Conservation Agreement must now be received on or before January 16, 1998, to be considered by the Service during preparation of the final conservation agreement and prior to the Service's determination whether it will be a signatory party to the agreement.

**ADDRESSES:** Persons wishing to review the Draft Conservation Agreement may obtain a copy by contacting the Field Supervisor, U.S. Fish and Wildlife Service, 145 East 1300 South, Suite 404, Salt Lake City, Utah 84115. Written comments and materials regarding the Draft Conservation Agreement should also be directed to the same address. Comments and written materials will be available upon request for public inspection, by appointment, during normal business hours at the above address.

**FOR FURTHER INFORMATION CONTACT:** Mr. Reed E. Harris, Field Supervisor (see **ADDRESSES** section) (telephone 801/524-5001).

**SUPPLEMENTARY INFORMATION:** The spotted frog (*Rana luteiventris*) is a candidate for Federal listing pursuant to the Endangered Species Act of 1973, as amended. In 1989 the Service received a petition from the Board of Directors of the Utah Nature Study Society requesting that the Service add the spotted frog (then referred to as *Rana pretiosa*) to the List of Threatened and Endangered Species. The Service subsequently published a notice of a 90-day finding in the **Federal Register** (54 FR 42529) on October 17, 1990, and a notice of a 12-month petition finding in the **Federal Register** (58 FR 27260) on May 7, 1993. In the 12-month petition finding the Service found that listing of the spotted frog as threatened in some portions of its range was warranted but precluded by other higher priority listing actions.

Shortly after the 12-month petition finding the Utah Department of Natural Resources began development of a

Conservation Agreement, working cooperatively with other agencies, in an effort to reduce the threats affecting the spotted frog.

**Public Comments Solicited**

The Service will use information received in its determination on whether it should be a signatory party to the agreement. Comments or suggestions from the public, other concerned government agencies, the scientific community, industry, or any other interested party concerning this draft document are hereby solicited. All comments and materials received will be considered prior to the approval of any final document.

**Author**

The primary author of this notice is Janet A. Mizzi, Utah Field Office (see **ADDRESSES** section) (telephone 801/524-5001).

**Authority**

The authority for this action is the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), the Fish and Wildlife Act of 1956, the Fish and Wildlife Service Coordination Act of 1964, and the National Memorandum of Understanding (94(SMU-056)).

Dated: December 18, 1997.
