Approval and Promulgation of State Plans For Designated Facilities and Pollutants; Illinois

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve Illinois' Section 111(d)/129 State Plan submitted on June 23, 1997, for implementing and enforcing the Emissions Guidelines applicable to existing municipal waste combustors with capacity to combust more than 250 tons/day of municipal solid waste. In the final rules section of this **Federal Register**, the EPA is approving this action as a direct final rule without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse written comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse written comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse written comments (which have not already been responded to), the direct final rule will be withdrawn and the written public comments will be addressed in a subsequent final rule based on the proposed rule. Any parties interested in commenting on this document should do so at this time.
