This follow-up study will gather data on the activities being conducted under the McKinney Act by state and local educational agencies to serve the educational and related needs of homeless children and youth, and on changes that have occurred since the program was reauthorized by the Improving America's Schools Act in 1994. Respondents to the survey are State Coordinators of Education for Homeless Children and Youth. School district administrators, school staff, human services providers, McKinney subgrant coordinators, and homelessness liaisons will be interviewed during site visits to LEAs.

The Council is established to: (1) Minimize duplication across Federal, State and local agencies of programs and activities relating to early intervention services for infants and toddlers with disabilities and their families and preschool services for children with disabilities; (2) ensure effective coordination of Federal early intervention and preschool programs, including Federal technical assistance and support activities; and (3) identify gaps in Federal agency programs and services and barriers to Federal interagency cooperation. To meet these purposes, the FICC seeks to: (1) Identify areas of conflict, overlap, and omissions in interagency policies related to the provision of services to infants, toddlers, and preschoolers with disabilities; (2) develop and implement joint policy interpretations on issues related to infants, toddlers, and preschoolers that cut across Federal agencies, including modifications of regulations to eliminate barriers to interagency programs and activities; and (3) coordinate the provision of technical assistance and dissemination of best practice information. The FICC is chaired by the Assistant Secretary for Special Education and Rehabilitative Services.

At this meeting the FICC plans to set priorities for the next three years and discuss changes to the FICC dictated by the 1997 amendments to the Individuals with Disabilities Education Act.
