Dated: December 18, 1997.

Michael J. Armstrong,

Associate Director for Mitigation.

[FR Doc. 97-33932 Filed 12-29-97; 8:45 am]

BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and

modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Frederick H. Sharrocks, Jr., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2796.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR Part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is amended to read as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

2. The tables published under the authority of § 67.11 are amended as follows:

BILLING CODE 6718-04-P

LEGAL SERVICES CORPORATION

45 CFR Part 1643

Restriction on Assisted Suicide, Euthanasia, and Mercy Killing

AGENCY: Legal Services Corporation.

ACTION: Final rule.

SUMMARY: This final rule is intended to implement a new statutory restriction that amends the Legal Services Corporation Act and is applicable to recipients of grants from the Legal Services Corporation. The restriction prohibits the use of LSC funds by recipients for legal or other assistance that would cause, assist in, advocate for, or fund assisted suicide, euthanasia, or mercy killing.

DATES: This final rule is effective on January 29, 1998.

FOR FURTHER INFORMATION CONTACT: Office of the General Counsel, (202) 336-8817.

SUPPLEMENTARY INFORMATION: The Assisted Suicide Funding Restriction Act of 1997 ("Assisted Suicide Act" or "Act"), Pub. L. 105-12, was enacted and became effective on April 30, 1997. Several provisions of the Assisted Suicide Act expressly apply to the Legal Services Corporation ("LSC" or "Corporation"), one of which amends Section 1007(b) of the LSC Act, 42 U.S.C. 2996f(b)(11). This rule is intended to implement this legislation as it applies to the Corporation and its recipients.

On September 19, 1997, the Corporation's Operations and Regulations Committee ("Committee") of the LSC Board of Directors ("Board") held public hearings in Washington, DC, on a draft proposed rule in Washington, DC, and, after making revisions to the draft, adopted a proposed rule for publication in the **Federal Register** for public notice and comment. The Corporation received two timely comments, one from the Advocacy Training/Technical Assistance Center ("ATTAC") and another from the National Legal Center for the Medically Dependent & Disabled, Inc. ("Legal Center"). Both comments stated that, in general, the proposed rule fairly and accurately reflected the intent of Congress in enacting the Assisted Suicide Act. ATTAC, however, recommended including several clarifying provisions in the final rule and questioned whether the recordkeeping provision should be less burdensome. The comment from the Legal Center urged that the final rule address the effect of the rule on free speech activities in a public forum. These comments are addressed more specifically in the section-by-section analysis below.

On November 14, 1997, the Committee met in Washington, DC, to consider public comment and act on a draft final rule. The Committee made several clarifying changes to the proposed rule and recommended adoption of the revised rule to the Board. The Board adopted the recommended rule as final on November 15, 1997.

Background and Summary of Law

The stated purpose of the Assisted Suicide Act is to maintain current Federal policy that Federal funds not be used to support, assist in, or advocate for assisted suicide, euthanasia or mercy killing. H. Rep. No. 46, 105th Cong., 1st Sess. at 3 (April 8, 1997). Although assisted suicide, euthanasia and mercy killing are illegal in almost all states, Congress was concerned that pending litigation might change the status quo and wanted to make it clear by legislation that, regardless of a change in State law, Federal policy would remain the same. H. Rep. at 3-4. Subsequent to the passage of the Act, the Supreme Court upheld as constitutional laws in the States of New York and Washington which prohibit assisted suicide and euthanasia. See *Vacco v. Quill*, 117 S. Ct. 2293 (1997); *Washington v. Glucksberg*, 117 S. Ct. 2302 (1997). The State of Oregon, on the other hand, adopted an initiative in 1996 that legalized physician-assisted suicide for
