Seasonal Closure of Public Lands, Medicine Lodge Resource Area

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of seasonal closure of public land in Fremont, Jefferson, Madison, and Clark Counties in Idaho.

SUMMARY: This closure is made pursuant to the December 16, 1997, amendment of the Medicine Lodge Resource Management Plan. In addition to amending existing rights-of-way to Fremont and Jefferson Counties for the Egin-Hamer Road, the amendment establishes a permanent, seasonal closure to all-human-entry of certain public lands in Fremont, Jefferson, Madison, and Clark Counties. The closures do not apply to permittees controlling their livestock during periods of authorized use or while maintaining range improvements. Further, the closures do not apply to persons needing ingress and egress across public land while legally accessing their private lands. The usual, annual closure periods will be from January 1 through April 30 and January 1 through March 31, respectively, north and south of the Egin-Hamer Road. The

lands affected are shown on Map 2 and Map 4 of the proposed amendment/EA distributed on October 10, 1997, and on the map attached to the Decision Record. These maps are hereby incorporated by reference. Generally, the closure boundaries follow existing roads.

DATES: *Effective date:* January 1, 1998.

ADDRESSES: Bureau of Land Management, Upper Snake River Districts, Medicine Lodge Resource Area, 1405 Hollipark Drive, Idaho Falls, Idaho 83401.

FOR FURTHER INFORMATION CONTACT: Jeff Gardetto at the above address or at (208) 524-7545.

SUPPLEMENTARY INFORMATION: The authority for this closure is found in title 43 of the Code of Federal Regulations at 8364.1. Approximately 10 years ago, the Egin-Hamer Road, which runs through crucial, winter wildlife habitat, was closed in the winter to avoid disturbance to the wildlife especially elk. The land use plan amendment process recently concluded was begun upon request by the Counties for BLM to consider removing the mandatory road closure and analyze alternative methods of protecting the elk and other big game while in their crucial winter habitat. The proposed amendment/environmental assessment contained the selected alternative which allows conditional removal of the automatic annual road closure. The conditions are that, (a) portions of the crucial habitat adjacent to the road are seasonally closed to all-human-entry and, (b) certain climate and elk occupancy limitations are met. The proposed amendment/EA was not protested; it was subjected to a planning consistency review by Idaho's Office of the Governor; and it is supported by the IDF&G.

Dated: December 16, 1997.

Joe Kraayenbrink,

Area Manager.
