

statistical basis for the formation of policy by various Government agencies. These data also apply to a variety of public and business needs. This annual survey is a continuation of similar wholesale trade surveys conducted each year since 1978. It provides on a comparable classification basis annual sales and purchases for 1997 and year-end inventories for 1996 and 1997. These data are not available publicly on a timely basis from nongovernmental or other governmental sources.

FOR FURTHER INFORMATION CONTACT: Ronald Pienckykoski or Dorothy Engleking on (301) 457-2713.

SUPPLEMENTARY INFORMATION: The Census Bureau is authorized to take surveys necessary to furnish current data on the subjects covered by the major censuses authorized by Title 13, United States Code. This survey will provide continuing and timely national statistical data on wholesale trade for the period between economic censuses. The data collected in this survey will be within the general scope and nature of those inquiries covered in the economic census.

The Census Bureau will require a selected sample of firms operating merchant wholesale establishments in the United States (with sales size determining the probability of selection) to report in the 1997 Annual Trade Survey. We will furnish report forms to the firms covered by this survey and will require their submissions within thirty days after receipt. The sample will provide, with measurable reliability, statistics on the subjects specified above.

This survey was submitted to the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act, Public Law 96-511, as amended, and approved under OMB Control No. 0607-0195. We will provide copies of the form upon written request to the Director, Bureau of the Census, Washington, DC 20233-0001.

Based upon the foregoing, I have directed that an annual survey be conducted for the purpose of collecting these data.

Dated: December 28, 1997.

The National Marine and Fisheries Service in cooperation with the North Carolina Division of Marine Fisheries is implementing a pilot mandatory reporting program to conduct a census of the Recreational Winter Bluefin Tuna Harvest in North Carolina.
