**SMALL BUSINESS ADMINISTRATION**

**[Declaration of Disaster #2999]**

**The Territory of Guam**

As a result of the President's major disaster declaration on December 17, 1997, I find that the Territory of Guam constitutes a disaster area as a result of damages caused by Typhoon Paka beginning on December 16, 1997 and continuing. Applications for loans for physical damages as a result of this disaster may be filed until the close of business on February 17, 1998 and for economic injury until the close of business on September 17, 1998 at the address listed below or other locally announced locations: U.S. Small Business Administration, Disaster Area 4 Office, P.O. Box 13795, Sacramento, CA 95853-4795.

The interest rates are:

	Percent
For Physical Damage:	
Homeowners with credit available elsewhere .....	7.625
Homeowners without credit available elsewhere .....	3.812
Businesses with credit available elsewhere .....	8.000
Businesses and non-profit organizations without credit available elsewhere .....	4.000
Others (including non-profit organizations) with credit available elsewhere .....	7.125
For Economic Injury:	
Businesses and small agricultural cooperatives without credit available elsewhere .....	4.000

The number assigned to this disaster for physical damage is 299906 and for economic injury the number is 969400.

(Catalog of Federal Domestic Assistance Program Nos. 59002 and 59008)

Dated: December 18, 1997.

**SMALL BUSINESS ADMINISTRATION**

**Table of Small Business Size Standards**

**AGENCY:** Small Business Administration.

**ACTION:** Notice of publication of full table of small business size standards.

**SUMMARY:** The U.S. Small Business Administration (SBA) is publishing a full table of small business size standards by four-digit Standard Industrial Classification (SIC) code. This table does not create, establish or modify any size standards currently in existence. This table merely presents all four-digit SIC codes for which SBA has established a small business size standard as a convenient reference for users of SBA's size standards.

**FOR FURTHER INFORMATION CONTACT:** SBA Office of Size Standards at (202) 205-6618.

**SUPPLEMENTARY INFORMATION:** SBA is publishing below a full table of small business size standards in accordance with 13 CFR 121.121. On January 31, 1996, SBA published in the **Federal Register** (61 FR 3280) a Final Rule that clarified and streamlined its small business size standards and related eligibility requirements under 13 CFR 121, "Small Business Size Regulations." The simplification of SBA's Small Business Size Regulations reduced the apparent size of the table of small business size standards in § 121.201 by listing general size standards by SIC Division. Those standards apply to all industries in that Division except those two-digit major group or four-digit industry codes listed with other specific standards. This streamlined table eliminated the duplication of common industry size standards within a Division and reduced the Code of Federal Regulations by fourteen pages.

Since the January 31, 1996, publication of the streamlined size standards table in § 121.201, no small business size standards has been changed. The table published here does not create, establish or modify any size standards currently in existence, but only presents all size standards in an expanded and more convenient format. Changes or modifications to 13 CFR 121 are only made in accordance with the Administrative Procedures Act and the Regulatory Flexibility Act. Any changes to the table of small business size standards will be reflected in the annual publication of the full list of size standards. SBA will also provide copies of any size related rules on its Internet web site at <http://www.sba.gov/>. Those with access to the Internet can obtain and download the current table of size standards, listed by four-digit SIC industry code, at <http://www.sbaonline.sba.gov/gopher/Financial-Assistance/Size-Standards/>. Others may contact any SBA office to verify size standards currently in effect.

SBA was aware when it published the streamlined table of size standards that many users prefer a table listing size standards for each four-digit SIC code. To accommodate those users, the SBA stated in the Final Rule (§ 121.101) that it would publish such an entire table annually in the **Federal Register**. SBA recognizes that having the entire list of small business size standards with the four-digit SIC codes often makes it easier for users to apply the proper standards to their needs, and that it should also reduce the chance for error. This also provides users with additional size standards information without expanding federal regulations. Accordingly, this notice contains a table matching a small business size standard with each four-digit SIC code for which SBA has established a size standard.

Since the publication of the streamlined size standards table, SBA has received questions as to whether small business size standards apply to the four-digit SIC codes that are not specifically listed in the text of § 121.201. The paragraph at the head of table in § 121.201 states that "Size standards are listed by Division and apply to all industries in that Division [emphasis added] except those specifically listed with separate size standards for a specific two-digit major group or four-digit industry code." This means that "all four-digit SIC codes within that major group have the same size standard, unless otherwise noted as exceptions. For example, the size standard for management consulting services, SIC code 8742, is \$5 million in average annual revenues. Although this industry is not listed in the size table in § 121.201, a size standard does exist for that industry.

The proper application of the size standards table in § 121.201 is very important since to be eligible for programs reserved for small business, SBA requires that a concern qualify as a small business using the size standard(s) for the appropriate industry. In connection with SBA financial assistance programs, § 121.301 states that "(a) For Business Loans and Disaster Loans (other than physical disaster loans), an applicant must not exceed the size standard for the industry [emphasis added] in which: (1) The applicant combined with its affiliates is primarily engaged; and (2) The applicant alone is primarily engaged." Also, to be eligible as a small business for federal procurement programs, a concern must meet the size standard specified in the solicitation, which the contracting officer selects giving primary consideration "to the industry

descriptions in the SIC Manual \* \* \* [emphasis added]" (§ 121.402).

The 1987 SIC Manual, Appendix B (page 699), designates "industry" by a four-digit SIC code. The industries

described in the SIC Manual are all four-digit industries. SBA's small business size standards were established and continue to exist for the various SIC industries, which are identified solely

by their four-digit codes. By publishing this full table of small business size standards annually, SBA intends to facilitate the correct use of the small business size standards.

**Endnotes**

1. SIC code 1629—Dredging: To be considered small for purposes of Government procurement, a firm must perform at least 40 percent of the volume dredged with its own equipment or equipment owned by another small dredging concern.

2. SIC Division D—Manufacturing: For rebuilding machinery or equipment on a factory basis, or equivalent, use the SIC code for a newly manufactured product. Concerns performing major rebuilding or overhaul activities do not necessarily have to meet the criteria for being a "manufacturer" although the activities may be classified under a manufacturing SIC code. Ordinary repair services or preservation are not considered rebuilding.

3. SIC code 2033: For purposes of Government procurement for food canning and preserving, the standard of 500 employees excludes agricultural labor as defined in 3306(k) of the Internal Revenue Code, 26 U.S.C. 3306(k).

4. SIC code 2911: For purposes of Government procurement, the firm may not have more than 1,500 employees nor more than 75,000 barrels per day capacity of petroleum-based inputs, including crude oil or bona fide feedstocks. Capacity includes owned or leased facilities as well as facilities under a processing agreement or an arrangement such as an exchange agreement or a throughput. The total product to be delivered under the contract must be at least 90 percent refined by the successful bidder from either crude oil or bona fide feedstocks.

5. SIC code 3011: For purposes of Government procurement, a firm is small for bidding on a contract for pneumatic tires within Census Classification codes 30111 and 30112, provided that:

(1) The value of tires within Census Classification codes 30111 and 30112 which it manufactured in the United States during the previous calendar year is more than 50 percent of the value of its total worldwide manufacture,

(2) the value of pneumatic tires within Census Classification codes 30111 and 30112 comprising its total worldwide manufacture during the preceding calendar year was less than 5 percent of the value of all such tires manufactured in the United States during that period, and

(3) the value of the principal product which it manufactured or otherwise produced, or sold worldwide during the preceding calendar year is less than 10 percent of the total value of such products manufactured or otherwise produced or sold in the United States during that period.

6. SIC codes 4724, 6531, 7311, 7312, 7313, 7319, and 8741 (part): As measured by total revenues, but excluding funds received in trust for an unaffiliated third party, such as bookings or sales subject to commissions. The commissions received are included as revenue.

7. A financial institution's assets are determined by averaging the assets reported on its four quarterly financial statements for the preceding year. Assets for the purposes of this size standard means the assets defined according to the Federal Financial Institutions Examination Council 034 call report form.

8. SIC code 6515: Leasing of building space to the Federal Government by Owners: For Government procurement, a size standard of \$15.0 million in gross receipts applies to the owners of building space leased to the Federal Government. The standard does not apply to an agent.

9. SIC codes 7699 and 3728: Contracts for the rebuilding or overhaul of aircraft ground support equipment on a contract basis are classified under SIC code 3728.

10. SIC code 8731: For research and development contracts requiring the delivery of a manufactured product, the appropriate size standard is that of the manufacturing industry.

(1) Research and Development means laboratory or other physical research and development. It does not include economic, educational, engineering, operations, systems, or other nonphysical research; or computer programming, data processing, commercial and/or medical laboratory testing.

(2) For purposes of the Small Business Innovation Research (SBIR) program only, a different definition has been established by law. See § 121.701 of these regulations.

(3) Research and development for guided missiles and space vehicles includes evaluations and simulation, and other services requiring thorough knowledge of complete missiles and spacecraft.

11. Facilities Management, a component of SIC code 8744, includes establishments, not elsewhere classified, which provide overall management and the personnel to perform a variety of related support services in operating a complete facility in or around a specific building, or within another business or Government establishment. Facilities management means furnishing three or more personnel supply services which may include, but are not limited to, secretarial services, typists, telephone answering, reproduction or mimeograph service, mailing service, financial or business management, public relations, conference planning, travel arrangements, word processing, maintaining files and/or libraries, switchboard operation, writers, bookkeeping, minor office equipment maintenance and repair, or use of information systems (not programming).

12. SIC code 8744

(1) If one of the activities of base maintenance, as defined in paragraph (2) of this endnote, can be identified with a separate industry and that activity (or industry) accounts for 50 percent or more of the value of an entire contract, then the proper size standard is that of the particular industry, and not the base maintenance size standard.

(2) "Base Maintenance" requires the performance of three or more separate activities in the areas of service or special trade construction industries. If services are performed, these activities must each be in a separate SIC code including, but not limited to, Janitorial and Custodial Service, Fire Prevention Service, Messenger Service, Commissary Service, Protective Guard Service, and Grounds Maintenance and Landscaping Service. If the contract requires the use of special trade contractors (plumbing, painting, plastering, carpentry, etc.), all such special trade construction activities are considered a single activity and classified as Base Housing Maintenance. Since Base Housing Maintenance is only one activity, two additional activities are required for a contract to be classified as "Base Maintenance."

13. SIC code 8744

(1) For SBA assistance as a small business concern in the industry of Environmental Remediation Services, other than for Government procurement, a concern must be engaged primarily in furnishing a range of services for the remediation of a contaminated environment to an acceptable condition including, but not limited to, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, containment, remedial action, removal of contaminated materials, storage of contaminated materials and security and site closeouts. If one of such activities accounts for 50 percent or more of a concern's total revenues, employees, or other related factors, the concern's primary industry is that of the particular industry and not the Environmental Remediation Services Industry.

(2) For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore a contaminated environment and also the procurement must be composed of activities in three or more separate industries with separate SIC codes or, in some instances (e.g., engineering), smaller sub-components of SIC codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction; Special Trade Construction, Engineering Services; Architectural Services; Management Services; Refuse Systems; Sanitary Services, Not Elsewhere Classified; Local Trucking Without Storage, Testing Laboratories; and Commercial, Physical and Biological Research. If any activity in the procurement can be identified with a separate SIC code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular

industry, and not the Environmental Remediation Service size standard.

Dated: December 23, 1997.

## DEPARTMENT OF TRANSPORTATION

### Office of the Secretary

#### Reports, Forms and Recordkeeping Requirements; Agency Information Collection Activity Under OMB Review

**AGENCY:** Office of the Secretary, DOT.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act 1995 (44 USC Chapter 35), this notice announces that the Information Collection Requests (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describe the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collections of information was published on October 21, 1997 [62 FR 54679-54680].

**DATES:** Comments must be submitted on or before February 6, 1998.

**FOR FURTHER INFORMATION CONTACT:** Barbara Davis, U.S. Coast Guard, Office of Information Management, (202) 267-2326, Department of Transportation, 2100 Second Street, SW., Washington, DC 20593-0001.

#### SUPPLEMENTARY INFORMATION:

##### United States Coast Guard (USCG)

*Title:* Direct User Fees for Inspection or Examination of U.S. and Foreign Commercial Vessels.

*OMB No.:* 2115-0617.

*Type of Request:* Extension of a Currently Approved Collection.

*Affected Public:* Vessel owners of certain inspected vessels.

*Abstract:* This collection requires the submission of identifying information such as vessel name, vessel identification number and if the owner chooses to pay fees for future years, a written request to the Coast Guard is required.

*Need:* The Omnibus Budget Reconciliation Act of 1990, which amended 46 U.S.C. 2110, now requires the Coast Guard to collect user fees from inspected vessels. In order to properly track the collection and management of fees, the Coast Guard must have current
