#### Equitrans, L.P.; Notice of Proposed Changes in FERC Gas Tariff

January 6, 1998.

Take notice that on December 31, 1997, Equitrans, L.P. (Equitrans) tendered for filing as part of its FERC Gas Tariff First Revised Volume No. 1, the following revised tariff sheets, with an effective date of September 1, 1997:

3rd Sub Second Revised Sheet No. 262  
 3rd Sub Second Revised Sheet No. 263

Equitrans states that these revised tariff sheets are submitted in compliance with the Commission's December 15, 1997 Letter Order on Equitrans' negotiated rates tariff filing. The Commission held that the revised tariff sheets generally complied with its prior orders and requirements for negotiated rates. However, the Commission required Equitrans to additionally modify Sections 30.3 and 30.4 of its General Terms and Conditions to provide that when evaluating competing recourse and negotiated rate proposals, only the reservation charge or other form of guaranteed revenue may be considered and that guaranteed revenue will be considered in evaluating capacity release revenue. Equitrans states that the proposed revisions to Section 30.3 and 30.4 of the General Terms and Conditions clarify that reservation charges will be used to compare discounted and recourse rates for capacity allocation, curtailment, and capacity release purposes.

Equitrans states that copies of this rate filing were served on the parties to this

proceeding, as well as Equitrans' jurisdictional customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests should be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining appropriate action, but will not serve to make protestants parties to the proceeding. FGT states that it is analyzing the revenue deficiency and reserves the right to make later tariff filings following this analysis and discussions with its shippers.
