CNG Transmission Corporation; Notice of Tariff Motion Filing

January 8, 1998.

Take notice that on January 6, 1998, CNG Transmission Corporation (CNG), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheet:

Sub. First Revised Sheet No. 37A

CNG requests an effective date of January 1, 1998 for its revised tariff sheet.

CNG states that the purpose of this filing is to move into effect a single tariff sheet that was among those filed by CNG on July 1, 1997 in the above-referenced proceeding. CNG inadvertently omitted Sheet No. 37A from its December 31, 1997 and January 5, 1998 compliance and motion tariff filings in the instant docket. Therefore, CNG requests a limited waiver of § 154.206(b) of the Commission's regulations, so that its tariff sheet may become effective as proposed.

CNG states that copies of its letter of transmittal and enclosures are being mailed to its customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the

Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC, 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with § 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate section to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

CNG Transmission Corporation; Notice of Compliance and Tariff Motion Filing

January 8, 1998.

Take notice that on January 5, 1998, CNG Transmission Corporation (CNG), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the revised tariff sheets listed on Appendices A and B to its transmittal letter.

CNG requests an effective date of January 1, 1998 for its revised tariff sheets. CNG requests a limited waiver of Section 154.207 of the Commission's regulations, so that its tariff sheets may become effective as proposed.

CNG states that the purpose of this filing is to comply with the Technical Conference Order, as well as certain aspects of the Commission's July 31, 1997 Suspension Order in this proceeding, and to move into effect the tariff revisions proposed by CNG in its filing on July 1, 1997. CNG's tariff sheets reflect the elimination of CNG's proposed exit fee, stranded gathering plant surcharge, and market-based rate proposals, as required by the Suspension Order. CNG has also removed or modified aspects of its tariff revision proposals as directed by the Technical Conference Order. These revisions are more fully described below. The remaining tariff sheets reflect components of CNG's July 1, 1997, filing that have survived the Commission's orders, and those aspects that are of a purely ministerial nature.

CNG states that copies of its letter of transmittal and enclosures are being

mailed to all active parties to the captioned proceeding.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC, 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations.
