RIN 2070-AB78

Consolidation of Certain Food and Feed Additive Tolerance Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; Technical amendments.

SUMMARY: This rule transfers certain of the pesticide food and feed additive regulations that are now in 40 CFR parts 185 and 186 to part 180. EPA is consolidating these regulations because as a matter of law all of the pesticide tolerances are now considered to be regulated under FFDCA section 408 as amended by the Food Quality Protection Act (Pub. L. 104-17) and they no longer need to be separate.

DATES: This rule becomes effective January 14, 1998. Written objects and hearing requests must be received by March 16, 1998.

ADDRESSES: Written objections and hearing requests, identified by the docket control number [OPP-300572], must be submitted to: Hearing Clerk (1900), Environmental Protection Agency, Rm. M3708, 401 M St., SW., Washington, DC 20460. Fees accompanying objections and hearing requests shall be labeled "Tolerance Petition Fees" and forwarded to: EPA Headquarters Accounting Operations

Branch, OPP (Tolerance Fees), P.O. Box 360277M, Pittsburgh, PA 15251. A copy of any objections and hearing requests filed with the Hearing Clerk identified by the docket control number, [OPP-300572], must also be submitted to: Public Information and Records Integrity Branch, Information Resources and Services Division (7502C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. In person, bring a copy of objections and hearing requests to Rm. 1132, CM #2, 1921 Jefferson Davis Hwy., Arlington, VA.

A copy of objections and hearing requests filed with the Hearing Clerk may be submitted electronically by sending electronic mail (e-mail) to: opp-docket@epamail.epa.gov. Copies of electronic objections and hearing requests must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Copies of electronic objections and hearing requests will also be accepted on disks in WordPerfect 5.1/6.1 or ASCII file format. All copies of electronic objections and hearing requests must be identified by the docket control number [OPP-300572]. No Confidential Business Information (CBI) should be submitted through e-mail. Copies of electronic objections and hearing requests on this rule may be filed online at many Federal Depository Libraries.

FOR FURTHER INFORMATION CONTACT: By mail, Jeffrey Morris, Special Review Branch (7508W), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location, telephone number, and e-mail: 3rd floor, Crystal Station, 2800 Crystal Drive, Arlington,

VA 22202, (703) 308-8029; e-mail: morris.jeffrey@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: The Office of Pesticide Programs is transferring some of the Tolerance regulations now in parts 185 and 186 to part 180. EPA is moving these sections because, whereas in the past tolerances for processed food and animal feeds regulated under section 409 of the Federal Food, Drug and Cosmetic Act (FFDCA, 21 U.S.C. 301 et seq.) were placed under parts 185 and 186, as a matter of law all tolerances in these sections are now considered to be regulated under FFDCA section 408 as amended by the Food Quality Protection Act (Pub. L. 104-17), and therefore belong under part 180.

I. Public Record and Electronic Submissions

EPA has established a record for this rulemaking under docket control number [OPP-300572] (including any comments and data submitted electronically). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The public record is located in Room 1132 of the Public Information and Records Integrity Branch, Information Resources and Services Division (7502C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments may be sent directly to EPA at:

opp-docket@epamail.epa.gov.

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer any copies of objections and hearing requests received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the Virginia address in "ADDRESSES" at the beginning of this document.

II. Regulatory Assessment Requirements

This final rule does not impose any requirements. It only implements a technical correction to the Code of Federal Regulations (CFR). As such, this action does not require review by the Office of Management and Budget (OMB) under Executive Order 12866, entitled Regulatory Planning and Review (58 FR 51735, October 4, 1993), the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 et seq., or Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997). For the same reason, it does not require any action under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104-4), Executive Order 12875, entitled Enhancing the Intergovernmental Partnership (58 FR 58093, October 28, 1993), or Executive Order 12898, entitled Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (59 FR 7629, February 16, 1994). In addition, since this type of action does not require any proposal, no action is needed under the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 et seq.).

III. Submission to Congress and the General Accounting Office

Under 5 U.S.C. 801(a)(1)(A), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, the Agency has submitted a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the General Accounting Office prior to publication of this rule in today's **Federal Register**. This is a technical correction to the Code of Federal Regulations and is not

a major rule as defined by 5 U.S.C. 804(2).

BILLING CODE 6560-50-F

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 271

[FRL-5948-2]

Florida: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency.

ACTION: Immediate final rule; authorization of State-initiated changes.

SUMMARY: Florida has revised its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The Environmental Protection Agency (EPA) has reviewed Florida's changes to its program and has made a decision, subject to public review and comment, that Florida's hazardous waste program revisions satisfy all of the requirements necessary to qualify for final authorization. Unless adverse written comments are received during the review and comment period provided for public participation in this process, EPA intends to approve Florida's hazardous waste program revisions. Florida's program revisions are available for public review and comment.

DATES: Final authorization for Florida's program revisions shall be effective March 16, 1998, unless EPA publishes a prior **Federal Register** action withdrawing this immediate final rule. All comments on Florida's program revisions must be received by the close of business February 13, 1998.

ADDRESSES: Written comments should be sent to Narindar Kumar, RCRA Programs Branch, Waste Division, Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street, Atlanta, Georgia 30303. Telephone number is 404-562-8440.

FOR FURTHER INFORMATION CONTACT: Narindar Kumar, RCRA Programs Branch, Waste Division, Environmental Protection Agency, Atlanta Federal Center, 61 Forsyth Street, Atlanta, Georgia 30365. Telephone number is 404-562-8440.

SUPPLEMENTARY INFORMATION:

I. Authorization of State Initiated Changes

A. Background

States with final authorization under Section 3006(b) of the Resource Conservation and Recovery Act ("RCRA" or "the Act"), 42 U.S.C. 6926(b), have a continuing obligation to maintain a hazardous waste program that is equivalent to, consistent with, and no less stringent than the Federal hazardous waste program. In addition, as an interim measure, the Hazardous and Solid Waste Amendments of 1984 (Pub. L. 98-616, November 8, 1984, hereinafter "HSWA") allow States to revise their programs to become substantially equivalent instead of equivalent to RCRA requirements promulgated under HSWA authority. States exercising the latter option receive "interim authorization" for the HSWA requirements under Section 3006(g) of RCRA, 42 U.S.C. 6926(g), and later apply for final authorization for the HSWA requirements.

Revisions to State hazardous waste programs are necessary when Federal or State statutory or regulatory authority is modified or when certain other changes occur. Most commonly, State program revisions are necessitated by changes to EPA's regulations in 40 CFR Parts 124, 260 through 266, 268, 270, 273, and 279.
