

**ENVIRONMENTAL PROTECTION  
AGENCY**
**40 CFR Part 81**
**[FRL-5945-7]**
**Identification of Ozone Areas Attaining  
the 1-Hour Standard and to Which the  
1-Hour Standard Is No Longer  
Applicable**
**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** The EPA is taking action today to identify ozone areas where the 1-hour standard is no longer applicable. Therefore, the 40 CFR part 81 for ozone is being amended to reflect such changes. Today's regulation is being published in direct response to the President's memorandum of July 16, 1997. The President's memo directed EPA to publish within 90 days an action identifying ozone areas to which the 1-hour standard will cease to apply because they have not measured a current violation of the 1-hour standard. For all other areas, the 1-hour standard will continue to apply. Furthermore, this action is being done to assist in the phasing-out of the 1-hour standard since the recently promulgated new 8-hour standard is now in effect and is more protective of public health than the 1-hour ozone standard. The goal is to move toward implementation of the new 8-hour standard. Following today's action, the Agency intends to publish, in early 1998, a subsequent document which takes similar action to revoke the 1-hour standard in additional areas that have air quality that does not violate the 1-hour standard. Furthermore, the Agency will publish, on an annual basis, similar actions identifying areas where the 1-hour standard is no longer applicable.

**DATES:** This regulation will become effective on March 17, 1998 unless adverse comments are received during the public comment period. Written comments on this rulemaking must be limited to addressing the technical correctness of these determinations. All comments must be received on or before February 17, 1998. If adverse comments are timely received on any provision of the direct final rule, that provision will be withdrawn and only those provisions on which no such adverse comments are received will become effective on March 17, 1998.

**ADDRESSES:** Documents relevant to this rulemaking are available for inspection at the Air and Radiation Docket and Information Center (6101), Attention:

Docket No. A-97-42, U.S. Environmental Protection Agency, 401 M Street SW, Room M-1500, Washington, DC 20460, telephone (202) 260-7548, between 8:00 a.m. and 4:00 p.m., Monday through Friday, excluding legal holidays. A reasonable fee may be charged for copying. Comments and data may also be submitted electronically by following the instructions under **SUPPLEMENTARY INFORMATION** of this document. No Confidential Business Information (CBI) should be submitted through e-mail.

**FOR FURTHER INFORMATION CONTACT:** Questions concerning this notice should be addressed to Annie Nikbakht (policy) or Barry Gilbert (air quality data), Office of Air Quality Planning and Standards, Air Quality Strategies and Standards Division, Ozone Policy and Strategies Group, MD-15, Research Triangle Park, NC 27711, telephone (919) 541-5246/5238. In addition, the following Regional Contacts may be called for individual information regarding monitoring data and policy matters specific for each Regional Office's geographic area:

Region I—Richard P. Burkhart, (617) 565-3578

Region II—Ray Werner, (212) 637-3706

Region III—Marcia Spink, (215) 566-2104

Region IV—Kay Prince, (404) 562-9026

Region V—Todd Nettesheim, (312) 353-9153

Region VI—Lt. Mick Cote, (214) 665-7219

Region VII—Royan Teter, (913) 551-7609

Region VIII—Tim Russ, (303) 312-6479

Region IX—Morris Goldberg, (AIR 7), (415) 744-1296

Region X—William Puckett, (206) 553-1702

**SUPPLEMENTARY INFORMATION: Electronic Availability**—The official record for this rulemaking, as well as the public version, has been established under docket number A-97-42 (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8:00 a.m. to 4:00 p.m., Monday through Friday, excluding legal holidays. The official rulemaking record is located at the address in **ADDRESSES** at the beginning of this document. Electronic comments can be sent directly to EPA at: A-and-R-Docket@epamail.epa.gov. Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

Comments and data will also be accepted on disks in WordPerfect in 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number A-97-42. Electronic comments on this direct final rule may be filed online at many Federal Depository Libraries.

If adverse comments are timely received on any provision of this direct final rule, all such comments will be addressed in a subsequent final rule based on those provisions of the proposed rule contained in the Proposed Rules Section of this **Federal Register** that is identical to this direct final rule. Such provisions will be withdrawn from the Direct Final Rule.

**I. Background**

On November 6, 1991, the Agency issued a rulemaking (56 FR 56694) which set forth the attainment status, including designations and classifications, for selected areas affected by ozone, carbon monoxide, particulate matter, and lead national ambient air quality standards (NAAQS). That rulemaking established on a State-by-State, pollutant-by-pollutant basis, the attainment status of the above-mentioned NAAQS. Such air quality data used in the determinations for the rulemaking were submitted by the appropriate States; the data were approved and the areas were then designated and classified by the EPA. Subsequent to the November 6, 1991 action, on November 30, 1992, the Agency issued corrections (57 FR 56762) to the tables for some of the designations, boundaries, and classifications as provided for under section 110(k)(6) of the Clean Air Act (CAA).

Under the CAA, designations can be changed if sufficient data are available to warrant such changes and if certain other requirements are met (see CAA section 107(d)(3)(D)). Section 107(d)(3)(E) of the CAA provides that the Administrator may promulgate a redesignation of a nonattainment area to attainment if certain criteria are met. Such has been the case for several ozone nonattainment areas which have been redesignated to attainment over the

course of years following the CAA Amendments of 1990. The Agency has promulgated these redesignations to attainment in the **Federal Register** and thus has amended 40 CFR parts 52 and 81 accordingly.

On July 16, 1997, the President issued a memorandum (62 FR 38421, July 18, 1997) to the Administrator of the EPA which indicates that within 90 days of promulgation of the new 8-hour standard, the EPA will publish an action identifying ozone areas to which the 1-hour standard will cease to apply. The memorandum states that for areas where the air quality does not currently attain the 1-hour standard, the 1-hour standard will continue in effect. The provisions of subpart 2 of title I of the CAA would also apply to currently designated nonattainment areas until such time as each area has air quality meeting the 1-hour standard.

On July 18, 1997 (62 FR 38856), EPA promulgated a regulation replacing the 1-hour ozone standard with an 8-hour standard at a level of 0.08 parts per million (ppm). The form of the 8-hour standard is based on the 3-year average of the annual fourth-highest daily maximum 8-hour average ozone concentrations measured at each monitor within an area. The new primary standard which became effective on September 16, 1997 will provide increased protection to the public, especially children and other at-risk populations. On July 18, 1997, EPA also announced that revocation of the 1-hour ozone NAAQS would be delayed until areas achieved attainment of the 1-hour NAAQS. This was done in order to facilitate continuity in public health protection during the transition to the new NAAQS.

## II. Summary of Today's Action

The purpose of this document is to revoke the 1-hour standard in those areas that EPA has determined are not violating the 1-hour standard. For all other areas the 1-hour standard will continue in effect. The purpose of retaining the current standard for such areas is to ensure a smooth transition to the new standard. When the areas not meeting the 1-hour standard have air quality that meets the 1-hour standard, as determined by EPA, then the Agency will likewise revoke the 1-hour standard for such areas.

In the immediate future, the Agency intends to issue guidance regarding the regulatory implications of today's action (revoking the 1-hour standard) as related to those areas where the 1-hour standard is no longer applicable.

## III. Analysis of Air Quality Data

This action, revoking the 1-hour standard in selected areas, is based upon analysis of quality-assured, ambient air quality monitoring data showing no violations of the 1-hour ozone standard. The method for determining attainment of the ozone NAAQS is contained in 40 CFR part 50.9 and Appendix H to that section. The level of the 1-hour primary and secondary NAAQS for ozone is 0.12 ppm.

The 1-hour standard no longer applies to an area once EPA determines that the area has air quality not violating the 1-hour standard. Determinations for this notice were based upon the most recent data available, generally 1994-1996 data. The Agency did use 1997 air quality data where violations were documented during the early portion of the 1997 ozone season. In order to revoke the 1-hour standard based upon 1995-1997 air quality data, measurements encompassing the complete ozone season would need to be available and examined. Therefore, after today's action, the Agency intends to publish, in early 1998, a subsequent notice which takes similar action to revoke the 1-hour standard in additional areas that have air quality data for 1995-1997 that do not violate the 1-hour standard. Detailed air quality data information used for today's determinations is contained in the Technical Support Document (TSD) to Docket No. A-97-42.

## IV. Tables

The ozone tables codified in today's action are significantly different from the tables now included in 40 CFR part 81. The current 40 CFR part 81 designation listings (revised as of November 6, 1991) include, by State and NAAQS pollutant, a brief description of areas within the State and their respective designation. Today's action includes completely new tables for ozone which indicate areas where the 1-hour standard no longer applies, as well as where the 1-hour standard remains in effect.

## V. Other Regulatory Requirements

### A. Executive Order 12866

The Office of Management and Budget (OMB) has exempted this regulatory action from Executive Order 12866 review.

### B. Regulatory Flexibility Act

Under the Regulatory Flexibility Act, 5 U.S.C. 600 *et seq.*, EPA must prepare a regulatory flexibility analysis assessing the impact of any proposed or

final rule on small entities (5 U.S.C. 603 and 604). Alternatively, EPA may certify that the rule will not have a significant impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises, and government entities with jurisdiction over populations of less than 50,000. The EPA is certifying that this rule will not have a significant impact on a substantial number of small entities.

### C. Unfunded Mandates

Under Section 202 of the Unfunded Mandates Reform Act of 1995 ("Unfunded Mandates Act"), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under Section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

The EPA has determined that the approval action promulgated does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this action.

### D. Submission to Congress and the General Accounting Office

Under 5 U.S.C. 801(a)(1)(A), as added by the Small Business Regulatory Enforcement Fairness Act of 1996, EPA submitted a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives and the Comptroller General of the General Accounting Office prior to publication of the rule in today's **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

### E. Petitions for Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by May 18, 1998. Filing a petition for reconsideration by the

Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not

be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

**List of Subjects in 40 CFR Part 81**

Air pollution control, National parks, Wilderness areas.

Dated: December 29, 1997.  
**Carol M. Browner,**  
*Administrator.*

For the reasons set out in the preamble, title 40, chapter I of the Code of Federal Regulations is amended as follows:

**PART 81—[AMENDED]**

1. The authority citation for part 81 continues to read as follows:

**Authority:** 42 U.S.C. 7401-7671q.

2. In § 81.301, the table entitled “Alabama—Ozone” is revised to read as follows:
