DEPARTMENT OF ENERGY

Directory Database Available for License

AGENCY: Office of General Counsel, Department of Energy.

ACTION: Notice.

SUMMARY: The U.S. Department of Energy announces that the following Directory Database is available for license: "Commercial Environmental Cleanup, Products and Services Directory."

FOR FURTHER INFORMATION: Michael P. Hoffman, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, 1000 Independence Avenue,

SW., Washington, DC. 20585; Telephone (202) 586-2802.

SUPPLEMENTARY INFORMATION: The above-captioned Directory, which is in the nature of a database of companies working in the area of environmental cleanup, was prepared under Government contract. The Department of Energy (DOE) is currently paying for the continued maintenance and dissemination of the above-captioned Directory database, both to Government agencies and to the general public. DOE is attempting to secure a private entity which, in return for a possible exclusive royalty-free license in the Directory database, will maintain the Directory database as well as print and market it, both to the Government and the general public as a stand-alone entity or incorporated with other services on a for-profit basis, thereby relieving the Government of the labor and expense of doing so.

Issued in Washington, DC., on January 9, 1998.

Paul A. Gottlieb,

Assistant General Counsel for Technology Transfer and Intellectual Property.

Federal Energy Regulatory Commission

[Docket No. CP98-171-000]

Koch Gateway Pipeline Company; Notice of Request Under Blanket Authorization

January 13, 1998.

Take notice that on January 7, 1998, Koch Gateway Pipeline Company (Koch Gateway), P.O. Box 1478, Houston, TX 77251-1478, filed in Docket No. CP98-171-000 a request pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.216) for authorization to abandon a leased compressor unit, under Koch Gateway's blanket certificate issued in Docket No. CP82-430, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Koch Gateway proposes to abandon, by returning to the lessor, a 1200 horsepower skid-mounted compressor unit located on its Index 201 low pressure pipeline system at its existing Hecker Compressor Station yard in Calcasieu Parish, Louisiana. Koch Gateway states that it installed this unit

as part of its low pressure lateral system for the purpose of lifting additional gas supplies from its low pressure system to its higher pressure system and ultimate delivery to the Lake Charles market area. Koch Gateway states that it will no longer need the compressor unit once its transportation contract with Union Pacific Resource Company (UPRC) expires in May of 1998. Koch Gateway also states that the proposed abandonment will have no impact on any of its existing customers, since this compressor unit was placed in service for UPRC.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,

Acting Secretary.
