### Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission has accepted an agreement, subject to final approval, to a proposed consent order from respondent Roger J. Callahan.

The proposed consent order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement and take other appropriate action or make final the agreement's proposed order.

This matter concerns efficacy claims made regarding Dr. Callahan's Addiction Breaking System promoted by respondent. The Commission's complaint charges that respondent, in concert with Mega Systems, Inc., made false and unsubstantiated claims that Dr. Callahan's Addiction Breaking System (1) Reduces an individual's compulsive desire to eat, leading to significant weight loss, (2) reduces an individual's compulsive desire to eat, leading to significant weight loss without the need to diet or exercise, and (3) cures addictions and compulsions, including but not limited to, smoking, eating, and using alcohol or heroin.

The proposed consent order contains provisions designed to remedy the violations charged and to prevent the respondent from engaging in similar acts and practices in the future. The proposed order extends to any weight loss product or program or any product or program purported to treat addictions or compulsions.

Part I of the proposed consent order prohibits the respondent from representing that Dr. Callahan's Addiction Breaking System, or any substantially similar product or program purported to treat addictions or compulsions, (1) reduces an individual's compulsive desire to eat, leading to significant weight loss, (2) reduces an individual's compulsive desire to eat, leading to significant weight loss without the need to diet or exercise, or (3) cures addictions and compulsions, including but not limited to, smoking, eating, and using alcohol or heroin. Part II of the proposed order prohibits the respondent from representing the performance, benefits,

or efficacy of any weight loss product or program or any product or program purported to treat addictions or compulsions, unless the representation is substantiated. Part III of the proposed order requires the respondent to pay fifty thousand dollars into a redress fund.

The remaining parts of the proposed consent order require the respondent to maintain promotional and substantiation materials related to the claims covered by the order, to notify the Commission of any changes in his employment, and to file one or more compliance reports.

The purpose of this analysis is to facilitate public comment on the proposed consent order. It is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.
