DEPARTMENT OF LABOR

Employment and Training Administration

[NAFTA-01967]

University Technical Services, Incorporated, University Energy, Canton, New York; Amended Negative Determination Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance

In accordance with Section 250(A), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974 (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on November 28, 1997, applicable to all workers of University Technical Services, Incorporated, San Diego, California. The notice was published in the **Federal Register** on June 13, 1997 (62 FR 32376).

At the request of the State agency, the Department reviewed the negative determination for workers of the subject firm. New findings show that the Department incorrectly identified the subject firm location. The investigation conducted for the subject firm was conducted on behalf of workers engaged in providing operations and maintenance services for electricity generation located in Canton, New York. San Diego, California is the Administrative Services office of the subject firm and is not the subject of the

investigation. The Department is amending the negative determination to correctly identify the city and state to read Canton, New York.

Conclusion

After careful review, I determine that all workers at University Technical Services, Incorporated, Canton, New York are denied eligibility to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, D.C. this 23rd day of December, 1997.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.
