NUCLEAR REGULATORY COMMISSION

[Docket No. 50-443]

North Atlantic Energy Service Corporation, Seabrook Station; Receipt of Petition for Director's Decision Under 10 CFR 2.206

Notice is hereby given that by Petition dated December 18, 1997, Ms. Jane Doughty (or Petitioner), representing The Seacoast Anti-Pollution League, has requested that the U.S. Nuclear Regulatory Commission take action with regard to Seabrook Station. Petitioner requests that the operating license for the Seabrook Station be suspended until such time as a thorough root cause analysis of the reasons underlying the development of leaks in piping in the "B" train of the residual heat removal (RHR) system is conducted. The leakage was reported by the Licensee on December 5, 1997.

As the basis for this request, Petitioner states that there have been past allegations of improper welding practices and substandard piping at Seabrook Station and further requests that the investigation of the RHR system pipe leakage include findings related to these past allegations.

The request is being treated pursuant to 10 CFR 2.206 of the Commission's regulations. The request has been referred to the Director of the Office of Nuclear Reactor Regulation. As provided by Section 2.206, appropriate action will be taken on this Petition within a reasonable time.

By letter dated January 15, 1998, the Director denied Petitioner's request to delay restart of the reactor at Seabrook Station, Unit 1, until all such actions requested by the Petition are taken.

A copy of the Petition is available for inspection at the Commission's Public Document Room at 2120 L Street, NW., Washington, DC 20555-0001 and at the local public document room located at Exeter Public Library, Founders Park, Exeter, NH 03833.

Dated at Rockville, Maryland, this 15th day of January 1998.

For the Nuclear Regulatory Commission.

SECURITIES AND EXCHANGE COMMISSION

Issuer Delisting; Notice of Application to Withdraw From Listing and Registration; (CECO Filters, Inc., Common Stock, \$.001 Par Value) File No. 1-10474

January 15, 1998.

CECO Filters, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and registration on the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange").

The reasons cited in the application for withdrawing the Security from listing and registration include the following:

The Company has complied with the Exchange's rules regarding the voluntary delisting of securities. The Company has filed with the Exchange a copy of the resolutions adopted by the Company's Board of Directors authorizing the withdrawal of the Security from listing and registration on the Phlx, and by setting forth in detail to the Exchange the facts and reasons supporting the proposed withdrawal.

The Company is more than 80% owned by CECO Environmental Corp. ("Environmental"). Environmental's common stock is currently listed on the Nasdaq SmallCap Market. The Company constitutes Environmental's primary asset and is its only operating subsidiary. The common stock of Environmental has greater liquidity and a much larger public float than the Security. Because of the liquidity differences and varying levels of participation by market professionals, the prices of the Security and the common stock of Environmental have diverged and are no longer aligned. The Company also believes that maintaining both listings is expensive. Accordingly, the Company believes that the Security and common stock of Environmental should not both be listed.

Furthermore, the Company has approximately 224 shareholders. The Company has concluded that the public float is too small for the Security to have an active trading market.

In making the decision to withdraw its Security from listing and registration on the Phlx, the Company considered the costs and expenses associated with listing both the Security and the common stock of Environmental.

By letter dated December 8, 1997, the Phlx informed the Company that it had no objection to the withdrawal of the Company's Security from listing on the Phlx.

Any interested person may, on or before February 5, 1998, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549, facts bearing upon whether the application has been made in accordance with the rules of the Exchange and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.

SECURITIES AND EXCHANGE COMMISSION

Issuer Delisting; Notice of Application to Withdraw From Listing and Registration; (Hawaiian Electric Industries, Inc., Common Stock, Without Par Value) File No. 1-8503

January 15, 1998.

Hawaiian Electric Industries, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and registration on the Pacific Exchange, Inc. ("PCX" or "Exchange").

The reasons cited in the application for withdrawing the Security from listing and registration include the following:

The Security of the Company currently is listed for trading on both the PCX and the New York Stock Exchange, Inc. ("NYSE").
