

education agencies, colleges and universities, youth-serving organizations, faith-based organizations, state commissions on national and community service; public and nonprofit organizations, profit-making businesses, labor unions, civic or service clubs, or neighborhood associations. Awarding organizations will certify that an individual has served at least 100 hours, over a year's period, in efforts designed to have a significant impact on meeting the needs of local communities. Individuals under the age of 12 who perform outstanding service may be eligible for recognition even if they do not meet the minimum requirement of 100 hours.

The types of service recognized could include: activities connected with service-learning courses or programs or service requirements in a school district, school, class, or institution of higher education; volunteer work with community or youth organizations; service through churches, synagogues, or other faith-based organizations; involvement in service-oriented school organizations; individual efforts to help others and improve a local community; and programs in which older young people tutor, mentor, coach, or otherwise serve younger people. The broad-based nature of this program, similar to the President's Physical Fitness Award program, is intended to include the largest possible number of students who make a substantial commitment to service.

Each award winner will receive a token of recognition (for example, a pin and a certificate) from the President. The award will involve no monetary benefit to the awardee. Any nominal fee set to cover the costs of production and distribution of awards will be paid by the local awarding organization or other sources, not by the award winner. Any fees will be subject to the approval of the Corporation.

The award program may also include additional recognition for some awardees, such as attendance at recognition events sponsored by the Corporation, the selected organization or organizations, other organizations including the Points of Light Foundation and, potentially, the White House. Other levels of recognition for service that goes substantially beyond the 100-hour criterion may be developed. Local communities will also be encouraged to establish their own recognition events or processes. The Corporation will provide the names of award winners to Governors, Mayors, the media, and other individuals interested in recognizing these individuals.

Requirements of the Memorandum of Agreement

The Corporation anticipates entering into a Memorandum of Agreement with the selected organization or organizations by April 1, 1998, with an expected project period between April 1, 1998 and September 30, 1999. It is likely that the Memorandum of Agreement will include an option to renew on an annual basis for up to five years, after which the Corporation may conduct a new competition for an organization to administer the program.

The organization or organizations selected under this notice will: (1) complete a final program design and implementation plan for approval by the Corporation; (2) publicize the program to local communities, schools, colleges, universities, and other educational institutions, and to civic, non-profit, youth-serving, and other interested organizations throughout the country; (3) distribute the awards to recipients; (4) respond to inquiries from all parties related to these awards; (5) manage the program in a manner to assure it is self-financing and sustainable; (6) collaborate with other service-promoting organizations to encourage youth service throughout the country; and (6) comply with reporting and other requirements of the Memorandum of Agreement.

Finances

The primary intent of the President's Student Service Awards is to promote and improve citizen service by our Nation's youth. It is not intended to be a profit-making activity. The selected organization or collaboration of organizations assumes full financial responsibility for the program. This includes award inventory, staffing, and facilities.

The Memorandum of Agreement will specify the fees or charges that may be set in this program, including a Corporation-approved "charge for services" representing a fixed percentage of the net difference between the program's total revenue and total expenses. The amount of the "charge for services" approved by the Corporation will be determined based upon compliance with the terms of the Memorandum of Agreement and other relevant considerations. Unless otherwise approved by the Corporation, any annual revenues in excess of costs are to be used to support the next year's President's Student Service Award program.

The selected organization will account for all costs and revenues associated with the operation of the

program according to the standards stated in the Memorandum of Agreement. The selected organization's performance under the Memorandum of Agreement will also be subject to oversight review and evaluation, including financial audit, by the Corporation's Chief Executive Officer, Inspector General, or their designees. The Corporation and its Inspector General will have access to any documents and records of the selected organization that are deemed necessary to carry out these oversight, evaluation, or audit activities.

Selection Criteria

All eligible interested parties must submit a proposal of no more than 30 pages, double-spaced. Selection will be based on the following criteria, in descending order of importance:

1. Experience of the organization or organizations, and demonstrated capacity, to administer a national awards program of this size and magnitude, including the ability to disseminate information widely and quickly. This includes the key individuals who will carry out the projects, and the facilities and resources, including computer-based telecommunication devices, available to the organization or organizations. This also includes the organization or organizations' capability to develop and administer an annual budget and to collect and manage funds.
2. Proposed plan for administering the President's Student Service Award program, including financial aspects such as defraying the costs of start-up, award materials, promotion, distribution, and program management.
3. Background concerning the organization or organizations' nonprofit or public status, history, mission, size in terms of budget and personnel, and familiarity with national and community service.

Office of the Secretary

Long-Range Air Power Panel Meeting

AGENCY: Under Secretary of Defense, Acquisition and Technology.

ACTION: Notice.

SUMMARY: This notice sets forth the schedule and summary agenda for the meeting of the Long-Range Air Power Panel on February 2 and 3, 1998. In accordance with Section 10(d) of the Federal Advisory Committee Act, Public Law 92-463, as amended [5 U.S.C. App. II, (1982)], it has been determined that this Long-Range Air Power Panel meeting concerns matters listed in 5 U.S.C. 552b(c)(1) (1982), and that accordingly this meeting will be closed to the public from 0800-1800, February 2 and 3, 1998 in order for the Panel to discuss classified material.

DATES: February 2 and 3, 1998.

ADDRESSES: The Tank, 1801 N. Beauford Street, Alexandria, VA

SUPPLEMENTARY INFORMATION: The Long-Range Air Power Panel (LRAP) was established October 8, 1997 in accordance with section 8131 of the Defense Appropriations Act, 1998. The mission of the Long-Range Air Power Panel is to provide the President and Congress a report containing its conclusions and recommendations concerning the appropriate B-2 bomber force and specifically its recommendation on whether additional funds for the B-2 should be used for continued low-rate production of the B-2 or for upgrades to improve deployability, survivability, and maintainability.

PROPOSED SCHEDULE AND AGENDA: The Panel will meet in closed session from 0800-1800 on February 2 and 3, 1998 in the Tank at the Institute for Defense Analyses Bldg. 1801 Beauford Street, Alexandria VA. During the closed session on both days, DoD staff and contractor personnel will present the panel with briefings and status updates of current U.S. long-range air power capabilities, employment strategies and force structure plans for the future.

The determination to close the meeting is based on the consideration that it is expected that discussion will involve classified matters of national security concern throughout.

Office of the Secretary

Defense Science Board Task Force on Submarine of the Future

ACTION: Notice of Advisory Committee meetings.

SUMMARY: The Defense Science Board Task Force on Submarine of the Future will meet in closed session on February 3, 1998 at TRW, Fairfax, Virginia. In order for the Task Force to obtain time sensitive classified briefing, critical to the understanding of the issues, this meeting is scheduled on short notice.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will assess the nation's need for attack submarines in the 21st century.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1994)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) (1994), and that accordingly this meeting will be closed to the public.

Office of the Secretary

Defense Science Board Task Force on Satellite Reconnaissance

ACTION: Notice of Advisory Committee meetings.

SUMMARY: The Defense Science Board Task Force on Open Systems will meet in closed session on February 23-24, 1998 at Strategic Analysis, Inc., 4001 N. Fairfax Drive, Arlington, Virginia.

The mission of the Defense Science Board is to advise the Secretary of Defense through the Under Secretary of Defense for Acquisition and Technology on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting the Task Force will examine the benefits of, criteria for, and obstacles to the application of an open systems

approach to weapon systems, and make recommendations on revisions to DoD policy, practice, or investment strategies that are required to obtain maximum benefit from adopting open systems. The Task Force will examine application to new defense programs, to those that have already made substantial investments in a design, and to those that are already fielded, across the spectrum of weapon systems, not just those heavily dependent on advanced computers and electronics.

In accordance with Section 10(d) of the Federal Advisory Committee Act, P.L. No. 92-463, as amended (5 U.S.C. App. II, (1994)), it has been determined that this DSB Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(1) (1994), and that accordingly this meeting will be closed to the public.
