SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Report and Order involving two consolidated, interrelated proceedings consisting of MM Docket No. 96-232 and MM Docket No. 97-35, adopted December 31, 1997, and released January 16, 1998. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC's Reference Center (Room 239), 1919 M Street, NW., Washington, DC. The Commission, at the request of Pueblo Broadcasters, Inc., reallots Channel 283C2 from Pueblo to Pueblo West, Colorado, as a Class C1 channel, and modifies the authorization for Station KYZX(FM), to specify operation on Channel 280C1 at Pueblo West, pursuant to the provisions of § 1.420 (g) and (i) of the Commission's Rules (MM Docket No. 96-232; RM-8868; RM-9055). The allotment of Channel 280C1 to Pueblo West will provide that community with its first local aural transmission service without depriving Pueblo of local FM service. Additionally, to accommodate the reallocation and upgrade at Pueblo West, Channel 283A is substituted for Channel 280A at Canon City, Colorado, and the license for Station KSTY(FM) is modified accordingly. The latter substitution will enable Station KSTY(FM) to increase its effective radiated power to six kilowatts and expand its coverage area. Further, in response to the counterproposal request of Pueblo Broadcasters, Inc., Channel 284A is allotted to Calhan, Colorado, rather than Channel 280A as requested by Calhan Radio, Inc., to provide a first local aural transmission service to that community, and to accommodate the allotment of Channel 280C1 to Pueblo West (MM Docket No. 97-35; RM-8900; RM-9056). Coordinates used for Channel 280C1 at Pueblo West are 38-34-52 and 104-31-52; coordinates used

for Channel 283A at Canon City are 38-23-35 and 105-21-07; coordinates used for Channel 284A at Calhan are 39-01-42 and 104-15-44.
