Title: Form FmHA 1962-1, Agreement for the Use of Proceeds/Release of Chattel Security.

OMB Control Number: 0560-0171.

Expiration Date of Approval: March 31, 1998.

Type of Request: Extension of Currently Approved Information Collection.

Abstract: The collection of information on Form FmHA 1962-1 is required by a consent decree executed in relation to Coleman V. Block, 663 F. Supp 1315 (D.N.D. 1987). The former Farmers Home Administration (FmHA) agreed in the consent decree to approve a borrower's planned use of proceeds from the disposition of their chattel security, record any changes to planned use, and record the actual disposition of chattel security for the year of operation. Also, this form is needed to implement Section 335(f) of the Consolidated Farm and Rural Development Act (Act) (7 U.S.C. 1985(f)), which requires release of normal income security to pay essential household and farm operating expenses of the borrower, until the Agency accelerates the loan. Form FmHA 1962-1 provides a uniform method for local Agency loan officers to approve these actions.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 20 minutes per response.

Respondents: Individuals or households, businesses or other for profit and farms.

Estimated Number of Respondents: 56,075.

This regulation governs the servicing of property insurance on buildings and land securing the interest of RHS or FSA in connection with an FSA FLP Loan or RHS MFH loan. This regulation does not apply to the CF and SFH programs of RHS. The information collections pertain primarily to the verification of insurance on property securing Agency loans. This information collection is submitted by FSA or RHS borrowers to Agency offices. It is necessary to protect the government from losses due to weather, natural disasters, or fire and ensure that the Act's loan making requirements of hazard insurance are met by loan applicants. See §§ 303(c), 312(c), and 321(b) of the Act.

is estimated to average 29 minutes per response.

OMB Control Number: 0560-0160.

Expiration Date: March 31, 1998.

Type of Request: Extension of Currently Approved Information Collection.

Abstract: FSA encounters cases where unauthorized assistance was received by a borrower. This assistance may be a loan where the recipient did not meet the eligibility requirements set forth in statute or program regulations, or both, or where the borrower qualified for loan assistance but a lower subsidized interest rate was charged on the loan, resulting in the borrower's receipt of unauthorized interest subsidy benefits. The unauthorized assistance may also be in the form of loan servicing where a borrower received an excessive write-down or write-off of their debt. The information collected under this regulation is provided on a voluntary basis by the borrower, although failure to cooperate to correct loan accounts may result in liquidation of the loan. The information to be collected will primarily be financial data such as amount of income, farm operating expenses, depreciation, crop yields, etc.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 4 hours per response.

Respondents: Individuals or households, businesses or other for profit and farms.

Estimated Number of Respondents: 105.

Title: 7 CFR 1965-A, "Servicing of Real Estate Security for Farmer Program Loans and Certain Note-Only Cases."

OMB Control Number: 0560-0158.

Expiration Date: March 31, 1998.

Type of Request: Extension of Currently Approved Information Collection.

Abstract: This regulation promulgates provisions of sections 331 and 335 of the Act (7 U.S.C. §§ 1981 and 1985). Section 331, of the Act, in part, authorizes the Secretary of Agriculture

to modify, subordinate and release terms of security instruments, leases, contracts, and agreements entered into by FSA. That section also authorizes transfers of security property as the Secretary deems necessary to carry out the purpose of the loan or protect the Government's financial interest. Section 335 of the Act provides servicing authority for real estate security; operation or lease of realty, disposition of property; conveyance of real property interest of the United States; easements; and condemnations. The information collection required by this subpart relates to a program benefit recipient or loan borrower requesting action on security which they own, which was purchased with FSA loan funds, improved with FSA loan funds or has otherwise been mortgaged to the Agency to secure a government loan. The information to be collected will primarily be financial data not already on file, such as borrower asset values.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .42 hours per response.

Respondents: Individuals or households, businesses or other for profit and farms.

Estimated Number of Respondents: 15,263.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 6,465 hours.

Title: 7 CFR part 1951, subpart F—Analyzing Credit Needs and Graduation of Borrowers.

OMB Control Number: 0575-0093.

Expiration Date: March 31, 1998.

Type of Request: Extension of Currently Approved Information Collection.

Abstract: This regulation is currently shared by FSA, RHS, and RBS. Section 333 of the Act and § 502 of the Housing Act of 1949, as amended, require the Agencies to graduate their direct loan borrowers to other credit when they are able to do so. Graduation is an integral part of Agency lending, as Government loans are not meant to be extended beyond a borrower's need for subsidized rates or non-market terms. The notes, security instruments, or loan agreements of most borrowers require borrowers to refinance their Agency loans when other credit becomes available at reasonable rates and terms. If a borrower finds other credit is not available at reasonable rates and terms, the Agency will continue to review the borrower for possible graduation at periodic intervals. Also, § 333A(f) of the Act (7 U.S.C. 1983a(f)) requires the Agency to provide a financial prospectus to

lenders who may be interested in providing guaranteed and non-guaranteed credit to the FSA's direct farm loan borrowers. The information to be collected to carry out these mandates will primarily be financial data such as amount of income, farm operating expenses, asset values, and liabilities.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 2.85 hours per response.

Respondents: Individuals or households, businesses or other for profit and farms.

Estimated Number of Respondents: 69,781.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 199,020.

Title: 7 CFR part 1941, Subpart A—Operating Loan Policies, Procedures and Authorizations.

OMB Control Number: 0560-0162.

Expiration Date: March 31, 1998.

Type of Request: Extension of Currently Approved Information Collection.

Abstract: Section 311 of the Act (7 U.S.C. 1941) requires that an applicant for an FSA farm operating loan be a citizen of the United States, possess the legal capacity to incur the loan obligation, have training and experience sufficient to assure reasonable prospects of success in the proposed farm operation, be an operator of not larger than a family farm, be unable to obtain sufficient credit elsewhere, and not have received a direct operating loan in 6 or fewer years. Section 373 of the Act also generally prohibits the Secretary from making or guaranteeing a farm loan to a borrower who has received debt forgiveness on such a loan. The Debt Collection Improvement Act (31 U.S.C. § 3720B(a)) further generally precludes an agency from making a loan to a borrower who to a person who is delinquent on any Federal debt. Also, FSA loan approval officials must determine that adequate security and repayment ability for the loan are available, and that funds are used only for those purposes authorized by law. Reporting requirements to ensure compliance with these eligibility requirements are imposed on the public by regulations set out in 7 CFR part 1941, subpart A.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .21 hours per response.

Respondents: Individuals or households, businesses or other for profit and farms.

Estimated Number of Respondents: 56,170.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 11,673 hours.
