Request for Public Comments on Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

A request revising and extending the collection of information listed below has been submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the Bureau's Clearance Officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days; therefore, public comments should be submitted to OMB within 30 days in order to assure their maximum consideration. Comments and suggestions on the requirement should be made directly to the Desk Officer for the Interior Department, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington DC 20503 and to the Bureau Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192. As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments regarding the proposed information collection as to:

1. Whether the collection of information is necessary for the proper performance of the functions of the bureau, including whether the information will have practical utility;
2. The accuracy of the bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The utility, quality, and clarity of the information to be collected; and,
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

Title: Portland and Masonry Cement.

Current OMB approval number: 1032-0038.

Abstract: Respondents supply the U.S. Geological Survey with data on cement production, shipments, and capacity, as well as consumption of raw materials. This information will be published as an annual report for use by Government agencies, industry, and the general public.

Bureau form number: 6-1214-A.

Frequency: Annual.

Description of respondents:

Commercial producers and importers of portland and masonry cement.

Annual Responses: 130.

Annual burden hours: 650.

Bureau clearance officer: John E. Cordyack, Jr., 703-648-7313.

Kenneth W. Mlynarski,

Acting Chief Scientist, Minerals Information Team.

Notice That the Tulsa District is Forming a Federal Spacing Unit for a Fractional Section on the Border Between Texas and Oklahoma in Beaver County, OK

AGENCY: Bureau of Land Management, Interior.

ACTION: Public notice.

SUMMARY: Pursuant to Bureau of Land Management Regulations (43 CFR parts 3160 and 3162) in accordance with the authority delegated by the Secretary of the Interior, this notice advises the public that the Tulsa District is forming a federal spacing unit for a fractional section on the border between Texas and Oklahoma in Beaver County, Oklahoma. The correlative rights of this mineral tract were not protected when spacing was established for the production of crude oil from the Upper Morrow Group, and for the production of natural gas from the Lower Morrow Group.

The fractional section consists of 15.75 acres described as: All of Section 06, Township 1 South, Ranger 21 East, Cimarron Meridian, Beaver County, Oklahoma.

This fractional section is in a rural area between 1.2 and 2.3 miles west of where U.S. Highway 83 crosses into Oklahoma, four miles south of Gray, Oklahoma. This federal spacing unit will be for all formations, for both oil and gas, and with full allowables for any production with no restrictions based upon acreage. The property will be offered for lease through the New Mexico State Office, Bureau of Land Management later this year. There will be stipulations that the mineral tract is subject to drainage and that a protective well is required to be drilled within one year of the effective date of the lease.

DATES: Comments by interested parties regarding this decision will be accepted

by the District Manager at the address below for thirty days following publication of this notice.

ADDRESSES: Bureau of Land Management, District Manager, RE: Fractional Section/Federal Spacing Unit, 7906 East 33rd Street, Suite 101, Tulsa, OK 74145-1352.

Dated: January 26, 1998.

Jim Sims,

District Manager, Tulsa District Office.
