SUPPLEMENTARY INFORMATION:

Title: National Park Service (NPS) Visitor Services Project Visitor Surveys at Three Parks.

Bureau Form Number: Not applicable.

OMB Number: To be assigned.

Expiration Date: To be assigned.

Type of Request: Request for new clearance.

Description of Need: The National Park Service needs information concerning visitor demographics and visitor opinions about the services and facilities that the National Park Service provides in each of these three parks. The proposed information to be collected regarding visitors in these three parks is not available from existing records, sources, or observations.

Automated Data Collection: At the present time, there is no automated way to gather this information, since it includes asking visitors to evaluate services and facilities that they used during their park visit. The intrusion on visitors to the parks is minimized by only contacting visitors during one 7-9 day period at each park.

Description of Respondents: A sample of visitors to each of these three parks.

Estimated Average Number of Respondents: 400 at Cumberland Island

National Seashore, 900 at Jean Lafitte National Historical Park and Preserve, and 800 at Chattahoochee River National Recreation Area.

Estimated Average Number of Responses: Each respondent will respond only one time, so the number of responses will be the same as the number of respondents.

Estimated Average Burden Hours Per Response: 12 minutes.

Frequency of Response: One time per respondent.

Estimated Annual Reporting Burden: 80 hours at Cumberland Island National Seashore, 180 hours at Jean Lafitte National Historical Park and Preserve, and 160 hours at Chattahoochee River National Recreation Area.
