**SUPPLEMENTARY INFORMATION:** Airspace Docket No. 97-ANM-9, published in the **Federal Register** on December 12, 1997 (62 FR 65358), modified the legal descriptions of Federal Airways V-19, V-81, V-83, and V-108 by replacing the name "Colorado Springs" VORTAC with "Black Forest" VORTAC. The effective date of this change is delayed until April 23, 1998.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a significant regulatory action under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
