Certain Fresh Cut Flowers From Colombia: Preliminary Results and Partial Termination of Antidumping Duty Administrative Review.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Preliminary Results of Antidumping Duty Administrative Review.

SUMMARY: In response to requests from interested parties, the Department of Commerce is conducting an administrative review of the antidumping duty order on certain fresh cut flowers from Colombia for the period March 1, 1996 through February 28, 1997.

We have preliminarily determined that sales have been made below the normal value by various companies subject to this review. If these preliminary results are adopted in our final results of this administrative review, we will instruct U.S. Customs to assess antidumping duties equal to the difference between the export price or constructed export price and the normal value (NV). For certain companies who have requested that we rescind their requests for review, we have granted that request.

We invite interested parties to comment on these preliminary results. Parties who submit arguments are requested to submit with each argument: (1) A statement of the issue; and (2) a brief summary of the argument. The deadlines for submission of argument are listed at the end of this notice. All memoranda referred to in this notice can be found in the public reading room, located in the Central
