Title: Business and Industry Loan Program.

OMB Number: 0570-0014.

Expiration Date of Approval: September 1998.

Type of Request: Extension of a currently approved information collection and recordkeeping requirements.

Abstract: The B&I Program is authorized under Section 310-B of the Consolidated Farm and Rural Development Act, as amended. The purpose of the Business and Industry (B&I) Guaranteed and Direct Loan Programs is to improve, develop, or finance businesses, industry and employment and improve the economic and environmental climate in rural communities, including pollution abatement and control. This purpose is achieved through bolstering the existing private credit structure either through the guaranteeing of quality loans made by lending institutions or making direct

loans, thereby providing lasting community benefits. B&I program authority is composed of direct loan authority and loan guarantee authority. The program is administered by the Agency through a State Director serving the State.

All reporting and recordkeeping burden estimates for making and servicing B&I Guaranteed Loans have been moved to the new B&I Guaranteed Loan Program regulations which are at 7 CFR 4279-A and B and 4287-B. The only burden remaining associated with 7 CFR 1980-E is a small portion of B&I Direct loanmaking. 7 CFR 1951-E is used for servicing B&I Direct and Community Facility loans. The Agency is currently developing new B&I Direct Loan Program regulations. When completed, 7 CFR 1980-E will be eliminated from the CFR. Because only the burden associated with 7 CFR 1980-E is included in this package, only a fraction of the total reporting and recordkeeping burden for making and servicing B&I Direct Loans is reflected.

Estimate of Burden: Public reporting for this collection of information is estimated to average 2.75 hours per response.

Respondents: Rural businesses, for-profit businesses, non-profit businesses, Indian tribes, and public bodies.

Estimated number of respondents: 200.

Estimated number of responses per respondent: 2.
