Federal Energy Regulatory
Commission[Project Nos. 2150—Washington Baker
River Project; 3721—Nooksack Falls
Project; 2494—White River Project]Puget Sound Energy, Inc.; Notice of
Meeting

January 29, 1998.

In a letter dated January 28, 1998, Puget Sound Energy, Inc. (PSE) licensee for the above listed projects requested a meeting with the Commission's staff to discuss the following issues.

Baker River Project

- The license for the Baker River Project expires in May 2006. PSE has developed a preliminary plan for relicense. PSE wants to learn from the Commission's staff what relicensing plans and procedures for projects in the region and across the country have worked well, before finalizing a relicensing plan.

Nooksack Falls Project

- In December 1997, PSE filed a schedule to complete an analysis of issues bearing on a decision to amend the current license application, or retire the project and withdraw the license application. PSE wishes to update the staff on the status of its decision.

White River Project

- PSE is aware that the National Marine Fisheries Service is considering a potential listing of White River

chinook salmon, and may assert that the project affects chinook salmon. In anticipation of the listing, PSE intends to enter into discussions with the appropriate agencies to determine what, if any, actions are needed to maintain the operation of the project in compliance with applicable law. If Habitat Conservation Plan negotiations are needed, PSE wishes to discuss what role, if any, staff's involvement would be in the negotiations.

The Commission's staff will meet with representatives of Puget to discuss only those issues described above. The meeting will convene on February 12, 1998, beginning at 1:00 p.m. EST at the Commission's headquarters, 888 First Street N.E., Washington, DC 20426, in Room 62-26. If you have any questions about the meeting, please call Tom Dean at (202) 219-2778.
