DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 012698A]

Endangered Species; Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of an amendment to an application for a scientific research permit (1116).

SUMMARY: Notice is hereby given that Public Utility District No. 1 of Douglas County (PUDDC) at East Wenatchee, WA has submitted in due form an amendment to an application for a permit that would provide authorization for takes of an endangered anadromous fish species for the purpose of scientific research.

DATES: Written comments or requests for a public hearing on the amended application must be received on or before March 6, 1998.

ADDRESSES: The amended application and related documents are available for review in the following offices, by appointment:

Office of Protected Resources, F/PR3, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401); and

Protected Resources Division, F/NWO3, 525 NE Oregon Street, Suite 500, Portland, OR 97232-4169 (503-230-5400).

Written comments or requests for a public hearing should be submitted to the Chief, Protected Resources Division in Portland, OR.

FOR FURTHER INFORMATION CONTACT: Tom Lichatowich (503-230-5438).

SUPPLEMENTARY INFORMATION: PUDDC requests a permit under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations

governing ESA-listed fish and wildlife permits (50 CFR parts 217-227).

On January 15, 1998, a notice was published (63 FR 2364) that NMFS received an application for a 5-year permit from PUDDC that would provide authorization for takes of juvenile, endangered, naturally-produced and artificially-propagated, upper Columbia River steelhead (*Oncorhynchus mykiss*) associated with scientific research. NMFS has received an amendment to the application requesting an additional annual take of ESA-listed juvenile steelhead associated with a study designed to understand the status of juvenile salmonid migration at Wells Dam on the Columbia River in WA. ESA-listed juvenile fish are proposed to be lethally taken by fyke nets.

Those individuals requesting a hearing (see ADDRESSES) should set out the specific reasons why a hearing on this application would be appropriate. The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in this application summary are those of the applicant and do not necessarily reflect the views of NMFS.

Dated: January 27, 1998.

Nancy I. Chu,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent and Trademark Office (Office) administers the Trademark Act, 15 U.S.C. 1051 *et seq.*, which provides for the Federal registration of trademarks; as well as, service marks; collective trademarks and service marks; collective membership marks; and certification marks. Individuals and businesses who use their marks, or intend to use their marks, in commerce regulable by Congress, may file an application with the Office to register their mark. The mark will remain on the register for ten years. However, the registration will be canceled unless the owner files an affidavit with the Office attesting to the continued use (or excusable non-use) of the mark in commerce. The registration may be renewed for periods of ten years.

The Trademark Act mandates that each register entry contain the mark; the goods and/or services that the mark is used in connection with; identifying ownership information; dates of use; and certain other information. The Office also provides similar information concerning pending applications. The register and pending application information may be accessed by an individual, or by businesses, to determine availability of a mark. By accessing the Office's information, potential trademark owners may reduce the possibility of initiating use of a mark previously adopted by another. The Federal Trademark Registration process serves to reduce the filing of papers in court and between parties.

II. Method of Collection

By mail, facsimile, or electronic transmission. A pilot program is currently in progress to study the use of electronic technology in filing trademark/service mark applications. After evaluation of the pilot, the Office will implement a full-scale program to accept trademark/service mark registration applications filed electronically by the public. At this stage, only the intent-to-use and use-based trademark/service mark
