Williston Basin Interstate Pipeline Company; Notice of Request Under Blanket Authorization

February 4, 1998.

Take notice that on January 28, 1998, Williston Basin Interstate Pipeline Company (Williston Basin), 200 North Third Street, Suite 300, Bismarck, North Dakota 58501, filed in Docket No. CP98-208-000 a request pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.216) for permission and approval to abandon a 3-inch meter run and appurtenant facilities located at the Recluse Station in Campbell County, Wyoming. Williston Basin makes such request under its blanket certificate issued in Docket Nos. CP82-487-000, *et al.*, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request on file with the Commission and open to public inspection.

Williston Basin is seeking authority to abandon the above ground 3-inch meter run and appurtenant facilities, which include a 5 x 7 foot skid-mounted building, orifice meter and miscellaneous gauges, station piping and valves, which Williston Basin avers are not used or useful. In 1981, Montana-Dakota Utilities Co. installed the 3-inch meter run and appurtenant facilities at the Recluse Station to deliver gas to a gas pipeline company. Williston Basin was authorized to acquire and operate those facilities

pursuant to the Commission's Order issued in Docket Nos. CP82-487-000, *et al.*

It is stated that the abandonment of the proposed facilities, all of which are located on Williston Basin's existing right-of-way, will not affect Williston Basin's peak day or annual transportation, because there will be no abandonment of service to its existing customers, since service will continue to be provided through existing facilities at the site.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

David P. Boergers,

Acting Secretary.

Williston Basin Interstate Pipeline Company; Notice of Filing

February 4, 1998.

Take notice that on February 2, 1998, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets to become effective February 1, 1998:

Tenth Revised Sheet No. 776
Eleventh Revised Sheet No. 777
Twenty-first Revised Sheet No. 831
Twenty-second Revised Sheet No. 832
Twenty-second Revised Sheet No. 833

Williston Basin states that the revised tariff sheets are being filed simply to update its Master Receipt/Delivery Point List.

Any person desiring to be heard or to protest this filing should file a motion

to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
