

hours per response: 1 hour; total annual burden: 50 hours).

c. *47 C.F.R. § 54.519—State telecommunications networks.* State telecommunications networks that secure discounts on eligible services on behalf of eligible schools and libraries must maintain records listing eligible schools and libraries, showing the basis on which eligibility determinations were made, and demonstrating the discount amount to which each eligible school and library is entitled. The state networks must direct the eligible schools and libraries to pay the discounted price for services and must comply with the competitive bid requirements established in 47 CFR § 54.504. (No. of respondents: 50; avg. hours per response: 4 hours; total annual burden: 200 hours).

d. *Streamlined application process for schools and libraries and for rural health care providers.* An eligible school or library will not be required to undergo the competitive bid process outlined in 47 CFR § 54.504(a) for a minor modification to a universal service contract as defined in 47 CFR § 54.500(h). An eligible school or library making a minor modification to a contract must submit an FCC Form 471 indicating the value of the proposed contract modification. An eligible school or library will not be required to undergo the competitive bid process outlined in 47 CFR § 54.504(a) if the eligible entity elects to order services from a master contract negotiated by a third party as defined in 47 CFR § 54.500(g). An eligible rural health care provider shall not be required to undergo the competitive bid process outlined in § 54.603 for a minor modification to a universal service contract. Such health care provider, however, shall be required to file an FCC Form 466 indicating the value of the proposed contract modification. An eligible rural health care provider shall not be required to undergo the competitive bid process outlined in 47 CFR § 54.603 if the eligible entity elects to order services from a master contract negotiated by a third party. (See Order, Section J, pps. 130–136). (No. of respondents: 16,000; avg. hours per response: 1 hour; total annual burden: 16,000 hours).

e. *47 CFR § 54.604—Existing contracts.* Rural health care providers bound by existing contracts for services shall not be required to comply with the competitive bid process outlined in 47 CFR § 54.603. (This rule reduces the total annual burden of Section 54.603(b)(1) by 1,000 burden hours).

f. *Obligation to notify underlying carrier.* Systems integrators that derive

de minimis amounts of revenue from the resale of telecommunications and small entities that qualify for the *de minimis* exemption are not required to contribute to universal service. They must, however, notify their underlying carriers that they constitute end users for universal service purposes. (No. of respondents: 1700; avg. hours per response: 1 hour; total annual burden: 1,700 hours).

All the requirements contained herein are necessary to implement the congressional mandate for universal service. These reporting requirements are necessary to calculate the contribution amount owed by each telecommunications carrier or to verify that particular carriers and other respondents are eligible to receive universal service support. The recordkeeping requirements should not be burdensome since most businesses ordinarily retain these types of documents.

Title: Changes to the Board of Directors of the National Exchange Carrier Association and the Federal-State Joint Board on Universal Service, CC Docket Nos. 97–21 and 96–45.

Form No.: FCC Form 457.

OMB Control No.: 3060–0785.

Action: Revised collection.

Respondents: Business or other for-profit entities.

Estimated Annual Burden: 4,000 respondents; 13.9 hours per response (avg.); 55,650 hours total annual burden all requirements.

Needs and Uses: On December 30, 1997, the Commission released the *Fourth Order on Reconsideration* in Federal-Joint Board on Universal Service, CC Docket 96–45, Access Charge Reform, Price Cap Performance Review for Local Exchange Carriers, Transport Rate Structure and Pricing, End User Common Line Charge, CC Docket Nos. 96–262, 94–1, 91–213, 95–72 (Order). Following publication of the Commission's May 8th *Report and Order* on Universal Service, the Commission received significant comment from the public regarding universal service in the form of petitions for reconsideration, oppositions to those petitions, and comments on those petitions. In the Order, the Commission responded to various issues raised in the petitions for reconsideration and/or clarification of the Commission's May 8th Report and Order on Universal Service. The Commission reconsidered certain aspects of the Universal Service Order and exempted additional entities from universal service contribution and reporting requirements. Broadcasters and schools, colleges, universities, rural health care providers, and systems

integrators that derive *de minimis* amounts of revenue from the resale of telecommunications will not be required to contribute to universal service. See 47 CFR Section 54.703. Entities whose annual contribution would be less than \$10,000 will not be required to contribute to universal service or comply with universal service reporting requirements. See 47 CFR Section 54.705.

The foregoing estimates include the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the burden estimates or any other aspect of the collection of information including suggestions for reducing the burden to the Federal Communications Commission, Performance Evaluation and Records Management, Paperwork Reduction Project, Washington, D.C. 20554.
