

privileged or confidential business information will be deemed to be nonconfidential. An original and five copies, plus two copies of the nonconfidential version, should be submitted no later than 20 days after the date of this notice to: Office of Export Trading Company Affairs, International Trade Administration, Department of Commerce, Room 1800H, Washington, D.C. 20230. Information submitted by any person is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552). However, nonconfidential versions of the comments will be made available to the applicant if necessary for determining whether or not to issue the Certificate. Comments should refer to this application as "Export Trade Certificate of Review, application number 94-2A007."

Florida Citrus Exports, L.C. ("FCE") original Certificate was issued on February 23, 1995 (60 FR 12735, March 8, 1995) and previously amended on January 16, 1996 (61 FR 4255, February 5, 1996). A summary of the application for an amendment follows.

#### Summary of the Application

*Applicant:* Florida Citrus Exports, L.C., 1991 74th Avenue, Vero Beach, Florida 32966.

*Contact:* Charles M. Sanders, Jr., Attorney, Telephone: (561) 770-4685.

*Application No.:* 94-2A007.

*Date Deemed Submitted:* February 4, 1998.

*Proposed Amendment:* FCE seeks to amend its Certificate to:

1. Add the following companies as new "Members" of the Certificate within the meaning of section 325.2(1) of the Regulations (15 C.F.R. 325.2(1)): Dole Citrus, Vero Beach, FL (controlling entity: Dole Food Company, Inc., Westlake Village, CA); Hogan & Sons, Inc., Vero Beach, FL; and The Packers of Indian River, Ltd., Ft. Pierce, FL.

2. Delete Ocean Spray Cranberries Inc., Vero Beach, FL as a "Member" of the Certificate.

Dated: February 6, 1998.

#### DEPARTMENT OF DEFENSE

##### Office of the Secretary

##### Preparation of a Draft Theater Missile Defense Extended Test Range Supplemental Environmental Impact Statement; Eglin Gulf Test Range

**AGENCY:** DOD, Ballistic Missile Defense Organization (BMDO).

**ACTION:** Notice of availability (NOA).

**SUMMARY:** This notifies the public that BMDO is issuing a Draft Supplemental Environmental Impact Statement (DSEIS) for the Eglin Gulf Test Range (EGTR). The DSEIS assesses the potential impacts associated with developmental and operational flight testing of Theater Missile Defense (TMD) systems. The proposed action and alternatives would allow for the development and testing of TMD systems to protect U.S. forces, friends, and allies around the world from attacks by ballistic missiles. As the Executing Agent, the Air Force Development Test Center (AFDTC), Eglin Air Force Base (AFB), Florida, is managing the DSEIS for BMDO. The U.S. Army Space and Missile Defense Command (USASMDC), Huntsville, Alabama, is preparing the DSEIS documentation for the AFDTC. The DSEIS analyzes additional missile launch and support locations, facility construction, launch preparation activities, missile flight tests, radar and optical tracking operations, and intercept tests in the Gulf of Mexico not analyzed in the *TMD Extended Test Range Final Environmental Impact Statement*, November 1994.

The Record of Decision on the *TMD Extended Test Range Final Environmental Impact Statement*, March 21, 1995, documented only the selection of U.S. Army Kwajalein Atoll, republic of the Marshall Islands, and the White Sands Missile Range, New Mexico, for TMD tests. However, additional interceptor and target missile launch options have been identified for the EGTR. These additional alternatives are within treaty and technology limitations. The EGTR alternatives would provide greater flexibility in test scenarios than is possible if testing remains limited to existing ranges, and would permit more realistic testing of TMD interceptor systems. Copies of the *TMD Extended Test Range Final Environmental Impact Statement*, are available at various locations within the interested communities. The exact locations can be provided by contacting the point of contact listed below.

The purpose of expanding the EGTR's missile defense testing capability is to
