SUMMARY: This order withdraws approximately 7,493 acres of public lands from all forms of appropriation under the public land laws, including the mining and mineral leasing laws, pursuant to Section 22(j)(2) of the Alaska Native Claims Settlement Act. This action also reserves the lands for selection by the Levelock Natives, Limited, the village corporation for Levelock. This withdrawal is for a period of 120 days; however, any lands selected shall remain withdrawn by the order until they are conveyed. Any lands described herein that are not selected by the corporation will remain subject to the terms and conditions of any withdrawal or segregation of record.

DEPARTMENT OF THE INTERIOR
Bureau of Land Management

SUMMARY: This order partially revokes two Secretarial orders insofar as they affect 178.31 acres of public land withdrawn for stock driveway purposes. The land is no longer needed for the purpose for which it was withdrawn. The revocation is needed to permit disposal of land under the Recreation and Public Purposes Act, as well as other disposals by sale and exchange. This action will open the land to surface entry, unless closed by overlapping withdrawals or temporary segregations of record. The land has been and will remain open to mining and mineral leasing.
