**San Diego Gas & Electric Company;
Notice of Filing**

February 11, 1998.

Take notice that on January 30, 1998, San Diego Gas and Electric Company (SDG&E), tendered for filing certain tariff sheets in its Transmission Owner Tariff (TO Tariff), to supersede certain TO Tariff sheets filed by SDG&E on March 31, 1997. The revised tariff sheets are as follows:

Revised Original Sheet Nos. 53-58

SDG&E states that it has ascertained that certain of the originally filed rates for retail transmission were based on computational errors and that the revised sheets are based on corrected calculations. SDF&E further states that the errors affected only the allocation of costs as among classes of retail transmission customers and do not affect either overall transmission revenue requirements or rates for wholesale transmission customers.

In addition to the revised tariff sheets, SDG&E has also tendered revised Statements BB, BG, and BL for Period 2.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). February 11, 1998.

Take notice that on February 4, 1998, Southern Natural Gas Company (Southern), P.O. Box 2563, Birmingham, Alabama 35202-2563, filed in Docket No. CP96-153-004 a petition to amend the authorization issued on May 30, 1997 in Docket No. CP96-153-000, *et al.* pursuant to Section 7(c) of the

Natural Gas Act, as amended, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Southern seeks authorization to modify the route of the northernmost segment of the North Alabama Pipeline to conform to the policy of the U.S. Fish and Wildlife Service for crossing the Wheeler National Wildlife Refuge (Refuge).

Southern states that commencing at M.P. 91.35 of the route approved in the certificate order, the modified route would proceed in a generally northern direction parallel to Interstate Highway 65 (I-65). It is said that where I-65 crosses the Refuge, the pipeline right-of-way would be immediately adjacent to the I-65 right-of-way, following this existing corridor through the Refuge. It is further said that a short distance thereafter, the new route would turn in a northeasterly direction to a point of termination at the new location for the Huntsville Meter Station.

Any person desiring to be heard or any person desiring to make any protest with reference to said application should on or before March 4, 1998, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10).
