The Foreign-Trade Zone Annual Report is the vehicle by which Foreign Trade Zone (FTZ) grantees report annually to the Foreign Trade Zones Board, pursuant to the requirements of the Foreign Trade Zones Act (19 U.S.C. 81a-81u). The annual reports submitted by grantees are the only complete source of compiled information on FTZ's. The data and information contained in the reports relates to international trade activity in FTZ's. The reports are used by the Congress and the Department to determine the economic effect of the FTZ program. The reports are also used by the FTZ Board and other trade policy officials to determine whether zone activity is consistent with U.S. international trade policy, and whether it is in the public interest. The public uses the information regarding activities carried on in FTZ's to evaluate their effect on industry sectors.
