#### Federal Allotments to State Developmental Disabilities Councils (DDCs) and Protection and Advocacy (P&A) Formula Grant Programs for Fiscal Year 1999

**AGENCY:** Administration on Developmental Disabilities, ACF, DHHS.

**ACTION:** Notification of Fiscal Year 1999 federal allotments to State Developmental Disabilities Councils and Protection and Advocacy Formula Grant Programs.

**SUMMARY:** This notice sets forth Fiscal Year 1999 individual allotments and percentages to States administering the State Developmental Disabilities Councils and Protection and Advocacy programs, pursuant to Section 125 and Section 142 of the Developmental

Disabilities Assistance and Bill of Rights Act (Act). The allotment amounts are based on the 1999 Budget Request and are contingent upon Congressional appropriations for Fiscal Year 1999. If Congress enacts and the President approves a different appropriation amount, the allotments will be adjusted accordingly.

**EFFECTIVE DATE:** October 1, 1998.

Joanne Moore, Grants Fiscal Management Specialist, Family Support Branch, Division of Formula, Entitlement and Block Grants, Office of Financial Operations, Administration for Children and Families, Department of Health and Human Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Telephone (202) 205-4792.

**SUPPLEMENTARY INFORMATION:** Section 125(a)(2) of the Act requires that adjustments in the amounts of State allotments may be made not more often than annually and that States are to be notified not less than six (6) months before the beginning of any fiscal year of any adjustments to take effect in that fiscal year. It should be noted that, as required by the Compact of Free Association, Palau is no longer eligible to receive funds. Also, in relation to the State DDC allotments, the description of service needs were reviewed in the State plans and are consistent with the results

obtained from the data elements and projected formula amounts for each State (Section 125(a)(5)).

The Administration on Developmental Disabilities has updated the data elements for issuance of Fiscal Year 1999 allotments for the Developmental Disabilities formula grant programs. The data elements used in the update are:

A. The number of beneficiaries in each State and Territory under the Childhood Disabilities Beneficiary Program, December 1996, are from Table 5.J10 of the "Social Security Bulletin: Annual Statistical Supplement 1997" issued by the Social Security Administration. The numbers for the Northern Mariana Islands and the Republic of Palau, were obtained from the Social Security Administration;

B. State data on Average Per Capita Income are from Table SA05 of the "Survey of Current Business," September 1997, issued by the Bureau of Economic Analysis, U.S. Department of Commerce; comparable data for the Territories also were obtained from that Bureau; and

C. State data on Total Population and Working Population (ages 18-64) as of

July 1, 1996, are from the "Estimates of Resident Population of the U.S. by Selected Age Groups and Sex," issued by the Bureau of the Census, U.S. Department of Commerce. Estimates for

the Territories are no longer available, therefore, the Territories population data are from the 1990 Census Population Counts. The Territories' working populations were issued in the

Bureau of Census report, "General Characteristics Report: 1980," which is the most recent data available from the Bureau.

#### Priority Areas

##### Priority Area 1.01 University-Head Start Partnerships

*Eligible Applicants:* Universities and four-year colleges on behalf of a faculty member who holds a doctorate degree or equivalent in their respective field.

*Project Duration:* The announcement for priority area 1.01 is soliciting applications for project periods of three years with the first year as a planning year. However, requests for project periods of four or five years will be considered if the applicant can make a strong justification for the need for the longer project period in order to complete the research. It should be noted that the requests for longer project periods will be granted in only rare instances. Awards, on a competitive basis, will be for the first one-year planning budget period. Applications for continuation grants funded under these awards beyond the one-year budget period, but within the established project period, will be entertained in subsequent years on a non-competitive basis, subject to availability of funds, satisfactory progress of the grantee and a determination that continued funding would be in the best interest of the Government.

*Federal Share of Project Costs:* The maximum Federal share is \$75,000 for the first 12-month budget period. The Federal share for subsequent years shall be approximately \$150,000 per year for each year of the project period. The Federal share is inclusive of indirect costs.

*Anticipated Number of Projects to be Funded:* It is anticipated that 6-8 projects will be funded.

##### Priority Area 1.02 Head Start Research Scholars

*Eligible Applicants:* Institutions of higher education on behalf of qualified doctoral candidates who have completed their masters degree or equivalent and are enrolled in the sponsoring institution. To be eligible to administer the grant on behalf of the student, the institution must be fully accredited by one of the regional accrediting commissions recognized by the Department of Education and the Council on Post-Secondary Accreditation. In addition, the specific graduate student on whose behalf the application is made must be identified and any resultant grant award is not transferable to another student. Funds from this grant may not be used to make any payments to other students at the university.

*Project Duration:* The announcement for priority area 1.02 is soliciting applications for project periods up to two years. Awards, on a competitive basis, will be for a one-year budget period, although project periods may be for two years. It should be noted, that if the graduate student, on whose behalf the University is applying, expects to

receive a doctorate by the end of the first one-year budget period, the applicant should request a one-year project period only. A second year budget-period will not be granted if the student has graduated by the end of the first year. Applications for continuation grants funded under these awards beyond the one-year budget period, but within the two-year project period, will be entertained in the subsequent year on a non-competitive basis, subject to availability of funds, satisfactory progress of the grantee and a determination that continued funding would be in the best interest of the Government.

*Federal Share of Project Costs:* The maximum Federal share is not to exceed \$15,000 for the first 12-month budget period or a maximum of \$30,000 for a 2-year project period.

*Anticipated Number of Projects to be Funded:* It is anticipated that 10 projects will be funded. No individual university will be funded for more than one candidate unless 10 applications from different institutions do not qualify for support.

**Statutory Authority:** The Head Start Act, as amended 42 U.S.C. 9801 *et seq.*

Dated: February 11, 1998.
