Environmental Response,  
Compensation and Liability Act**

In accordance with Departmental Policy, 28 CFR 50.7, 38 FR 19029, and 42 U.S.C. 9622(d), notice is hereby given that a proposed Consent Decree *United States v. Agway, Inc., et al.*, DOJ #90-11-2-2A, was lodged in the United States District Court for the Northern District of New York on January 22, 1998. The Consent Decree resolves the liability of eighty parties ("Settling Defendants") and the United States (on behalf of the U.S. Air Force and the Veterans Administration) under Sections 106(a) and 107(a) of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9606(a) and 9607(a), relating to the Pollution Abatement Services Superfund Site in Oswego, New York (the "Site").

Under the proposed Consent Decree, the Settling Defendants agree to reimburse the United States \$1,050,261.97 in past response costs incurred from April 2, 1987 to May 6, 1997, to perform future work at the Site under the 1993 Record of Decision ("1993 ROD") at an estimated cost of \$5 million, and to reimburse the United States for its first \$500,000 in future response costs. Approximately 68 of the Settling Defendants, along with the settling federal agencies, will receive *de minimis* settlements under this Decree in exchange for payments toward Site costs. The remaining Settling Defendants will perform the future work under the 1993 ROD and will partially reimburse the United States' past and future costs. The United States has reserved its rights against certain parties who sent polychlorinated bi-phenols ("PCBs") to the Site in the event that a PCB related remedy is necessary.
