Elements of the Historic Properties Management Plan will include:

(1) Identification of landscapes and properties that should or may be preserved, and a determination of preservation strategies;

(2) Identification of landscapes and properties that will not be preserved, and a determination of action strategies, and;

(3) Identification of how visitors, surrounding communities, other interested groups and the Lakeshore can protect and preserve and adaptively use these landscapes and properties.

The environmental review of the HPMP for Sleeping Bear Dunes National Lakeshore will be conducted in accordance with requirements of NEPA (42 U.S.C. Section 4371 *et seq.*), NEPA regulations (40 CFR Parts 1500-1508), other appropriate Federal regulations, and NPS procedures and policies for compliance with those regulations.
