information on the respondents, including the use of automated collection techniques or other forms of information technology.

Needs and Uses: Section 73.1207 requires that licensees of broadcast stations obtain written permission from an originating station prior to retransmitting any program or any part thereof. A copy of the written consent must be kept in the station's files and made available to the FCC upon request. Title: Computer III Further Remand Proceedings: BOC Provision of Enhanced Services (ONA Requirements), CC Docket No. 95-20.

Form No.: N/A.

Number of Respondents: 5. Total annual responses—10.

Estimated Time Per Response: 2 hours.

Frequency of Response: On occasion reporting requirement; semi-annual reporting requirement.

Total Annual Burden: 20 hours.

Needs and Uses: In addition to seeking comment on a variety of Computer III and ONA rules, the Further Notice of Proposed Rulemaking (FNPRM) in CC Docket 95-20, tentatively concludes that the Commission should eliminate the requirement that the BOCs file Comparably Efficient Interconnection (CEI) plans and obtain Bureau approval for those plans prior to providing new intraLATA information services. Also, the Commission proposes allowing the BOCs to consolidate into one filing or posting all generic information they currently submit in their semi-annual reports.

Federal Communications Commission.
