Sea Robin Pipeline Company; Notice of Proposed Changes to FERC Gas Tariff

February 25, 1998.

Take notice that on February 20, 1998, Sea Robin Pipeline Company (Sea Robin) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised Tariff sheet, to become effective March 23, 1998.

First Revised Sheet No. 130p

On December 22, 1997, Sea Robin filed a proforma tariff sheet in conjunction with its Initial Comments to the Technical Conference held on December 11, 1997, in this proceeding. The tariff sheet sets forth the terms and conditions under which Sea Robin proposed to implement an open season for firm transportation service in the event of a scheduled maintenance event on its system. The Commission's February 17, 1998, Order approved the proforma tariff sheet with one procedural clarification. Specifically, the sheet modifies Section 4(g)(v) of Rate Schedule FTS-2 of Sea Robin's tariff to require Sea Robin to implement an open season in the event of a scheduled maintenance event that would cause a limitation of mainline capacity for more than ten (10) days. The open season must be held for a minimum period of 48 hours, and the Commission's February 17, 1998 Order required that at least 24 hours of the 48-hour period be held during a business day.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
