BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-245-000]

Columbia Gas Transmission Corporation; Notice of Application

February 25, 1998.

Take notice that on February 19, 1998, Columbia Gas Transmission Corporation (Columbia), 12801 Fair Lakes Parkway, Fairfax, Virginia 22030-1046, filed in Docket No. CP98-245-000 an application pursuant to Section 7(b) of the Natural Gas Act, for permission and approval to abandon the transportation and exchange service with Union Light, Heat and Power Company (Union Light) provided under rate Schedule X-33, as revised, and all as more fully set forth in the application which is on file with the Commission and open to public inspection.

It is stated that the referenced exchange service provides for the transportation of natural gas by Union Light, for the account of Columbia, to Cincinnati Gas & Electric Company (CG&E) at multiple delivery points in Hamilton County, Ohio. Columbia states that it no longer delivers natural gas to CG&E in Ohio and instead delivers natural gas to CB&E in Kentucky, thus eliminating the need for the Rate Schedule X-33 agreement.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 18, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene

in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Columbia to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-238-000]

Destin Pipeline Company, L.L.C.; Notice of Request Under Blanket Authorization

February 25, 1998.

Take notice that on February 17, 1998, Destin Pipeline Company, L.L.C. (Destin), P.O. Box 2563, Birmingham, Alabama 35202-2563, filed in Docket No. CP98-238-000 a request pursuant to §§ 157.205 and 157.208 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.208) for authorization to construct, install and operate a lateral pipeline and appurtenant facilities to accommodate the transportation of natural gas production from two new production platforms to be located in Main Pass Block 279 (Main Pass 279 Platform) and in Main Pass Block 281 (Main Pass 281 Platform) for connection into Destin's 36-inch mainline system at its Main Pass 260 Platform for ultimate delivery to downstream pipeline interconnections in southern and central Mississippi, under Destin's blanket certificate issued in Docket Nos. CP96-657-000 and -001 pursuant to Section 7 of the Natural Gas Act, all as

more fully set forth in the request that is on file with the Commission and open to public inspection.

Specifically, Destin is proposing to construct, install and operate (i) Approximately 65,000 feet of 24-inch-diameter lateral pipeline from Destin's Main Pass 260 Platform to a sub-sea valve near the Main Pass 279 Platform, a pig receiver to be installed at the Main Pass 260 Platform, and sub-sea valving to be installed at the end of the 24-inch lateral pipeline in Main Pass Block 279, all in Federal Waters, Gulf of Mexico; (ii) approximately 1,000 feet of 12-inch-diameter tie-in pipeline from a sub-sea tie-in located on the 24-inch lateral near the Main Pass 279 Platform to the Main Pass 279 Platform, a riser, and a pig launcher to be installed at the Main Pass 279 Platform, all in Federal Waters, Gulf of Mexico; (iii) approximately 6,500 feet of 20-inch-diameter tie-in pipeline from a sub-sea tie-in located on the 24-inch lateral in Main Pass Block 280 to the Main Pass 281 Platform, a riser, and a pig launcher to be installed at the Main Pass 281 Platform, all in Federal Waters, Gulf of Mexico; and (iv) two Receipt Points located on the Main Pass 279 and the Main Pass 281 Platforms, with measurement facilities to be installed at both Receipt Points.

Destin states that the proposed facilities will enable it to receive additional gas supplies from the Eastern Gulf of Mexico for transportation to downstream markets onshore in Mississippi. Destin states that CNG Producing Company, majority working interest owner and operator, and two smaller working interest owners, Walter Oil & Gas Corporation and Sonat Exploration GOM Inc., have requested transportation services on Destin's system for their production from leases in Block 734 in the Viosca Knoll Area and in Blocks 279, 280, 281 and 284 in the Main Pass Area, East Addition, Gulf of Mexico (Committed Leases). Destin states that these shippers have entered into Reserve Commitment Agreements with Destin under which they have dedicated their production from the Committed Leases. Destin also states that the shippers have initially agreed to transport up to 230 MMcf per day of production from the Committed Leases, and that such production will be transported through the proposed Lateral Facilities and through Destin's mainline system under Destin's Rate Schedule FT-2.

Destin estimates the cost for the construction and installation of the jurisdictional facilities to be \$14,990,068. The total cost of the project is \$18,990,068, which includes a contribution in Aid of Construction of

\$4,000,000 to be made by Destin for a portion of the cost of the shippers' production platform which Destin proposes to include in its jurisdictional rate base.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Linwood A. Watson, Jr.,
Acting Secretary.

[Docket No. RP94-120-017]

Koch Gateway Pipeline Company; Notice of Refund Report

February 26, 1998.

Take notice that on February 23, 1998, Koch Gateway Pipeline Company (Koch) tendered for filing its RP94-120 Refund Report.

Koch states that this filing is in compliance with the Commission's January 28, 1998 "Order on Remand", Docket No. RP94-120-016. As directed in the Order, Koch states that it tendered refunds on February 9, 1998 to the affected parties for qualifying transactions.

Koch states that a copy of the report has been served upon affected customers, interested state commissions and all parties designated on the official service list.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to

be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection.

David P. Boergers,
Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP98-246-000]

NorAm Gas Transmission Company; Notice of Request Under Blanket Authorization

February 25, 1998.

Take notice that on February 20, 1998, NorAm Gas Transmission Company (NGT), 1111 Louisiana Street, Houston, Texas 77210, filed in Docket No. CP98-246-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's regulations under the Natural Gas Act (18 CFR 157.205 and 157.211) under NorAm's blanket certificate issued in Docket Nos. CP82-384-000 and CP82-384-001 for authorization to construct and operate certain facilities in Arkansas, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

NGT specifically requests authority to install a 2-inch tap and 4-inch meter station on NGT's Line KM-12 in Union County, Arkansas. NGT states that the meter station is being constructed to provide service to Arkla, a division of NorAm Energy Corporation (Arkla). NGT states that the estimated volumes for delivery through these facilities are approximately 100,000 MMBtu of natural gas annually and 1,200 MMBtu of natural gas on a peak day. The estimate cost of the facilities is \$7,859 and Arkla would reimburse NGT for \$7,223.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day, after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed

for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Linwood A. Watson, Jr.,
Acting Secretary.

[Docket No. CP98-234-000]

Northern Natural Gas Company; Notice of Application

February 25, 1998.

Take notice that on February 13, 1998, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124, filed in Docket No. CP98-234-000 an application pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations thereunder (18 CFR 157.7 and 157.18), requesting permission and approval to abandon, by sale to Westar Transmission Company (Westar), and American Gathering, L.P. (AG) certain compression, pipeline and receipt and delivery point facilities, with appurtenances, located in Texas and certain services rendered thereby, all as more fully set forth in the application on file with the Commission and open to public inspection.

Northern states that it would convey to Westar and AG facilities consisting of 15 compressor units at four compressor stations totaling 6,995 hp and about 72 miles of pipeline, two to 24 inches in diameter, all receipt and delivery points located along the length of the line, and all other related facilities. Specifically, Northern proposes to abandon by sale to Westar all facilities on the discharge side of the Cargray Processing Plant to the inlet of its Spearman compressor station an abandon by sale to AG all facilities on the suction side of the Cargray Processing Plant. It is stated that the facilities will be conveyed for \$2,446,690 at closing.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 18, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will
