

specified, the change of classification rules are superceded by the rule provided therein. On the other hand, Rule 2 provides a determination of origin in situations in which the change of classification rules fail to confer origin because the processing of the one or more of the input goods did not result in a change classification even though there was a substantial transformation. This occurs when the input is an incomplete or unfinished article classifiable in the same heading or subheading as the complete or finished article, by application of General Rule of Interpretation 2(a). In particular, this applies to the processing of blanks into finished goods. It can also occur when "major" parts of goods, i.e. subassemblies, are assembled from "minor" parts classified in the same parts heading or subheading. Rule 2(A) applies in the former instance and Rule 2(B) applies in the latter.

These proposals have been reviewed by interested government agencies and are intended to serve as the basis for the U.S. proposal to the Technical Committee on Rules of Origin of the World Customs Organization or to the Technical Committee of the World Trade Organization. The proposals do not necessarily reflect or restate existing Customs treatment with respect to country of origin applications for all current non-preferential purposes. Based upon a decision of the Trade Policy Staff Committee, the proposals are intended for future harmonization for the nonpreferential purposes indicated in the ARO for application on a global basis. They seek to take into account not only U.S. Customs current positions on substantial transformation but additionally seek to consider the views of the business community and practices of our major trading partners as well. As such they represent an attempt at reaching a basis for agreement among the contracting parties. The proposals may undergo change as proposals from other government administrations and the private sector are received and considered. Under the circumstances, the proposals should not be cited as authority for the application of current domestic law.

#### Written Submissions

Interested persons are invited to submit written statements concerning this phase of the Commission's investigation. Written statements should be submitted as quickly as possible, and follow-up statements are permitted; but all statements must be received at the Commission by the close of business on March 18, 1998, in order to be

considered. The Commission notes that it is particularly interested in receiving input from the private sector on the effects of the various proposed rules and definitions on U.S. exports. Commercial or financial information which a submitter desires the Commission to treat as confidential must be submitted on separate sheets of paper, each marked "Confidential Business Information" at the top. All submissions requesting confidential treatment must conform with the requirements of section 201.6 of the Commission's Rules of Practice and Procedure (19 CFR 201.6). All written submissions, except for confidential business information, will be available for inspection by interested persons.

All submissions should be addressed to the Office of the Secretary, United States International Trade Commission, 500 E Street SW., Washington, DC 20436.

#### INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731-TA-776-779 (Preliminary)]

#### Certain Preserved Mushrooms From Chile, China, India, and Indonesia

#### Determinations

On the basis of the record<sup>1</sup> developed in the subject investigations, the United States International Trade Commission unanimously determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from Chile, China, India, and Indonesia of certain preserved mushrooms,<sup>2</sup> provided for in subheadings 0711.90.40, 2003.10.27, 2003.10.31, 2003.10.37, 2003.10.43,

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> For purposes of these investigations, certain prepared mushrooms are of the species *Agaricus bisporus* and *Agaricus bitorquus*, whether imported whole, sliced, diced, or as stems and pieces. "Preserved mushrooms" refers to mushrooms that have been prepared or preserved by cleaning, blanching, and sometimes slicing or cutting. These mushrooms are then packed and heated in containers, including but not limited to cans or glass jars, in a suitable medium that may include, but is not limited to, water, brine, or butter (or butter sauce). Included within the scope of the investigations are "brined" mushrooms, which are presalted and packed in a heavy salt solution to provisionally preserve them for further processing. Excluded from the scope of the investigations are: (1) All other species of mushroom, including straw mushrooms; (2) all fresh and chilled mushrooms, including "refrigerated" or "quick blanched" mushrooms; (3) dried mushrooms; (4) frozen mushrooms; and (5) "marinated," "acidified," or "pickled" mushrooms, which are prepared or preserved by means of vinegar or acetic acid, but may contain oil or other additives.

2003.10.47, and 2003.10.53 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

### Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules upon notice from the Department of Commerce (Commerce) of an affirmative preliminary determination in any of the investigations under section 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of an affirmative final determination in any of the investigations under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

### Background

On January 6, 1998, a petition was filed with the Commission and the Department of Commerce by the Coalition for Fair Preserved Mushroom Trade,<sup>3</sup> alleging that an industry in the United States is materially injured and threatened with material injury by reason of LTFV imports of certain preserved mushrooms from Chile, China, India, and Indonesia. Accordingly, effective January 6, 1998, the Commission instituted antidumping investigations Nos. 731-TA-776-779 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by

<sup>3</sup>The Coalition's member firms are L.K. Bowman, Inc., Nottingham, PA; Modern Mushroom Farms, Inc., Toughkenamon, PA; Monterey Mushrooms, Inc., Watsonville, CA; Mount Laurel Canning Corp., Temple, PA; Mushroom Canning Co., Kennett Square, PA; Sunny Dell Foods, Inc., Oxford, PA; and United Canning Corp., North Lima, OH.

posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 16, 1998 (63 FR 2693). The conference was held in Washington, DC, on January 27, 1998, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on February 20, 1998. The views of the Commission are contained in USITC Publication 3086 (February 1998), entitled "Certain Preserved Mushrooms from Chile, China, India, and Indonesia: Investigations Nos. 731-TA-776-779 (Preliminary)."

Issued: February 25, 1998.

By order of the Commission.

### National Institute of Justice Solicitation for Selection of Arrestee Drug Abuse Monitoring (ADAM) Site Management Teams

**AGENCY:** Department of Justice, Office of Justice Programs, National Institute of Justice.

**ACTION:** Notice of Solicitation.

**SUMMARY:** Announcement of the availability of the National Institute of Justice Solicitation "Selection of Arrestee Drug Abuse Monitoring (ADAM) Site Management Teams."

**DATES:** Due date for receipt of proposals is close of business April 17, 1998.

**ADDRESSES:** National Institute of Justice, 810 Seventh Street, NW, Washington, DC 20531.

**FOR FURTHER INFORMATION CONTACT:**

For a copy of the solicitation, please call NCJRS 1-800-851-3420. For general information about application procedures for solicitations, please call the U.S. Department of Justice Response Center 1-800-421-6770.

**SUPPLEMENTARY INFORMATION:**

### Authority

This action is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, sections 201-03, as amended, 42 U.S.C. 3721-23 (1994).

### Background

The National Institute of Justice is seeking applications for management teams interested in directing Arrestee Drug Abuse Monitoring (ADAM) sites, formerly known as the Drug Use Forecasting (DUF) system. Management of each of the original 23 DUF sites is being recomputed, thus all current site-management teams desiring to remain under ADAM must submit applications.

The scope of work required in directing the 23 ADAM sites will include, but not be limited to, quarterly data collection waves consisting of administering a short interview, collecting urine samples from recent arrestees, and occasionally administering supplemental questionnaires. Data collection targets are 250 adult male cases and 100 adult female cases and may include up to 100 juvenile male cases and 50 juvenile female cases.

All applications must provide: Discussion of qualifications of key personnel; narrative explaining the proposed technical approach to the scope of work; budget estimate (form provided); discussion of potential outreach activities; and inventory of lock-up facilities where interviewing may need to take place.

This solicitation applies only to the 23 sites that were part of the original DUF system; it does not apply to the 12 sites added to ADAM in FY 1998 or to other prospective sites. Applicants selected under this solicitation will enter in to subcontracts with the ADAM data and management contractor and these subcontracts will be renewable annually subject to performance.

Interested organizations should call the National Criminal Justice Reference Service (NCJRS) at 1-800-851-3420 to obtain a copy of "Selection of Arrestee Drug Abuse Monitoring (ADAM) Site Management Teams" (refer to document no. SL000258). For World Wide Web access, connect either to either NIJ at <http://www.ojp.usdoj.gov/nij/funding.htm>, or the NCJRS Justice Information Center at <http://www.ncjrs.org/fedgrant.htm#nij>.
