SUPPLEMENTARY INFORMATION:

I. Abstract

This collection of information is required as the result of the amending of the Export Administration Regulations (15 CFR parts 730-799) (EAR) to incorporate changes needed to comply with the National Defense Authorization Act (NDAA—Public Law 105-85, 111 Stat. 1629). There are two components of this information collection authorization, advance notification of all exports and reexports of computers with CTP's between 2,000 and 7,000 MTOPS to Computer Tier Group 3 countries (using existing form BXA-748P and electronic submission), and post shipment verification of the export of high performance computers (with a CTP greater than 2,000 MTOPS) to Tier 3 countries requiring exporters to provide a written report to BXA within 30 days of export. To simplify the latter, BXA is developing a new form that will incorporate the relevant data elements and replace the written report, thereby standardizing the data format for the applicant, and enabling the use of information technology in the processing of the data.
