The annual cost to the Government is estimated to be \$82,500 for information analysis, calculations and filing the records in appropriated case files, incidental expenses for postage based on 15 minutes time with each form at \$21 per hour. Annual costs to the 15,000 respondents is estimated at \$136,200, including postage based on 6,250 burden hours at \$21 per hour to prepare the form and to receive and file their actual grazing use report.

Several years experience has shown that it takes an average of about 25 minutes for an estimated 15,000 graziers to complete the form. Because of the variations in size and complexity of range livestock operations, some of the 15,000 responses may take a few minutes in one recording session to complete the form, while others may take up to 60 minutes combined through several sessions during the grazing year, with each requiring a few minutes to enter the required data.

Any interested member of the public may request and obtain, without charge, a copy of BLM Form 4130-5 the person identified under **FOR FURTHER INFORMATION CONTACT**.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will also become a matter of public record.
