The NPRM announced that a hearing would be held on the proposed rules if the Commission received sufficient requests to testify.

To date the Commission has received several requests to testify at such a hearing. After considering these requests and the other comments received to date in response to the NPRM, the Commission believes a public hearing would be helpful in considering the issues raised in this rulemaking. The hearing will be held on 10:00 a.m. on Wednesday, April 29, 1998.

Dated: February 27, 1998

Joan D. Aikens,

[Docket No. 97-SW-06-AD]

Airworthiness Directives; Eurocopter France Model SA 330F, G, and J Helicopters

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes the adoption of a new airworthiness directive (AD) that is applicable to Eurocopter France Model SA 330F, G, and J helicopters. This proposal would require verifying the torque on the nut that secures the two transformer-rectifiers' common ground; and subsequently installing a modification to separate the grounds of the two transformer-rectifiers. This proposal is prompted by a report from the airworthiness authority of France about an unsafe condition resulting from the loss of the common ground of the two

transformer-rectifiers. The actions specified by the proposed AD are intended to prevent loss of the common ground of the two transformer-rectifiers, which could result in a complete electrical failure (essential and secondary), loss of electrically-powered instrumentation, and subsequent loss of control of the helicopter.

DATES: Comments must be received by April 6, 1998.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Office of the Regional Counsel, Southwest Region, Attention: Rules Docket No. 97-SW-06-AD, 2601 Meacham Blvd., Room 663, Fort Worth, Texas 76137.
